A Noise at the Door!

This is my Pa.
He likes to
spoil me with
tales. Some
are tall tales.

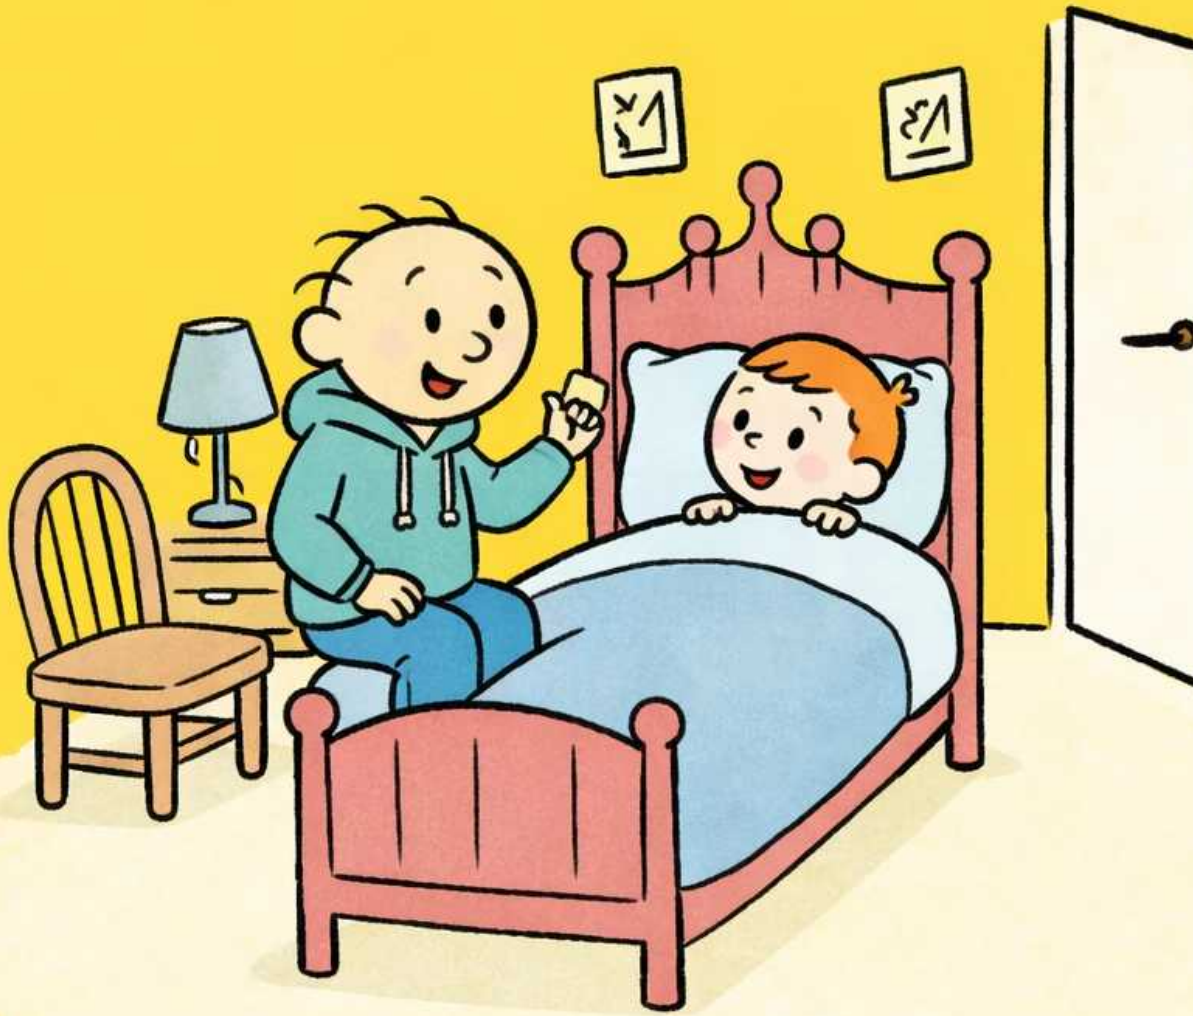
In a low

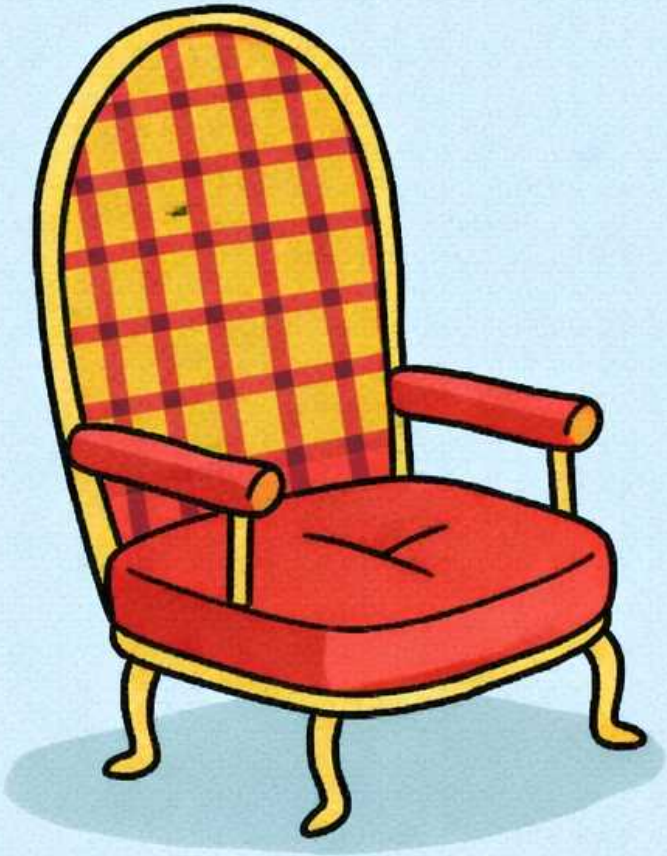
voice, he

starts a

tale of a girl

made of air.





She can **hoist** herself up on a chair and not be seen.

You might
point at her
when you are
out and it
starts to rain.

In the snow,

the flakes rest

on her head.

Kids **point** at

the odd snow.

One day, she **joins** a class and picks up a green crayon.

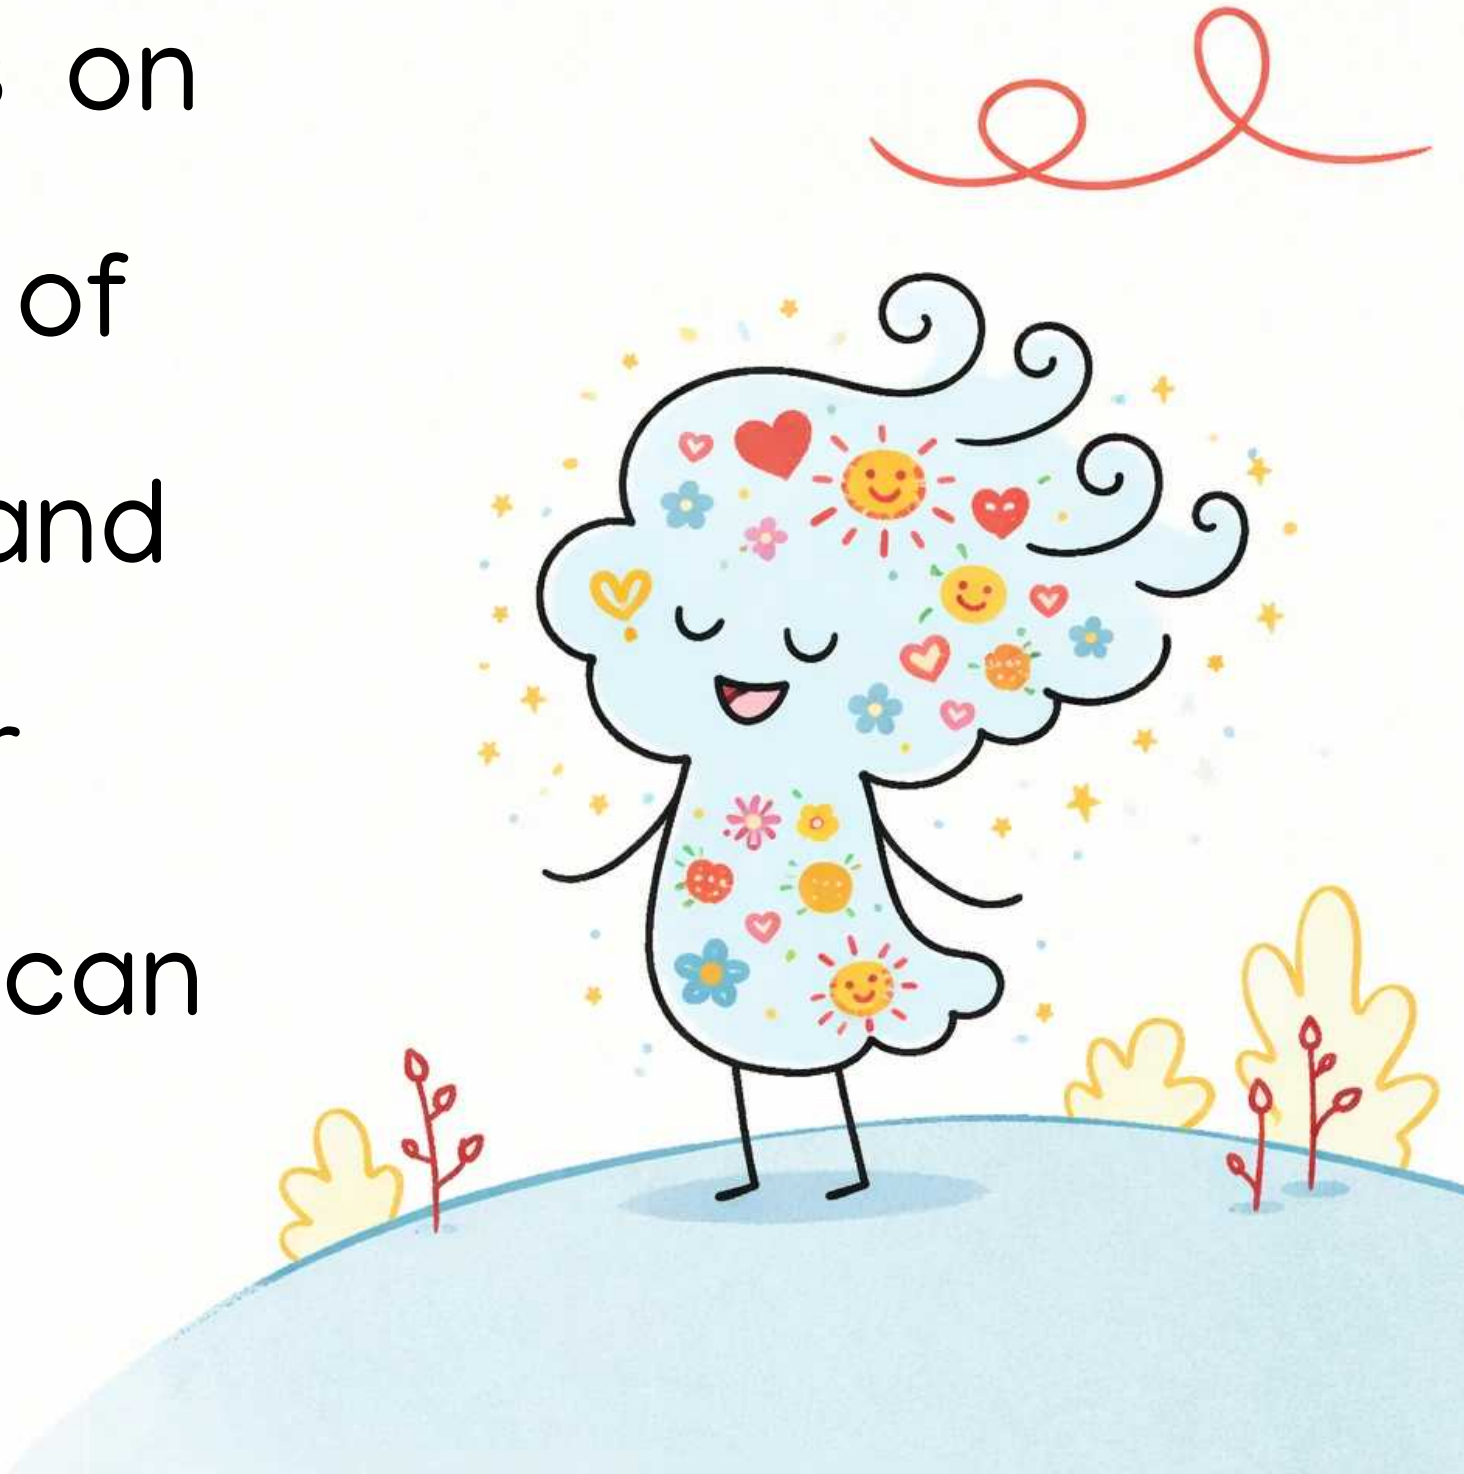
The **boy** next to her screams in a loud **voice**!

The **boy** holds up his brush full of yellow paint. He asks if he can paint her face so he can see her. She keeps still and waits.

The girl jumps for **joy!** He paints her hair full of **toys** and things she loves best.

Now she paints herself bright each day. Her prints **point** the way, full of **joy.**

She stands on the hill, full of joy. Stars and suns fill her up, and all can see her.



In a small **voice**
I ask Pa, 'Was
it a tall tale?'
He asks what I
think. I peek out
and think hard.

I say, 'I think it is a tall tale.' He smiles and leaves. But then, I hear a **noise...**

OI OY

A Noise at the Door!

Pa tells the best bedtime tales in the world - but is tonight's story just a tall tale, or something more? Meet a girl made of air who nobody can see, until one brave boy picks up a paintbrush and changes everything. Will she finally be noticed? And when the lamp clicks off and the door creaks open on its own... who's really there? This decodable reader practices the oi/oy phonogram in words like 'boy,' 'joy,' 'noise,' and 'voice.'

boy, hoist, joins, joy, noise, point, points, spoil, toys, voice

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
