

Bam's Jumpy Song

Bam sits on the deck in the sun. He toots a soft song on the flute, and the kids get **sleepy**. Pip flaps up and up. Bam grins. He toots the song a bit louder.

Bang! The roof
rocks, and dust
lands on Bam. He is
jumpy, and the kids
grab hands.

A big thing in the
deep is up. A big,
big thing!

A big tail blasts up
from the deep. It is
so splashy! Bam is
not afraid. He is
glad! Pip zips in,
but the tail flips
him back. Pesky
Pip!

It is Rex, a big
beast. He is cranky,
and he has a mad
look. The deep
crashes on the land,
all foamy and wet.
Bam gasps. Was it
the loud song?

Bam is jumpy, but
he grips the flute.
He toots softly, soft
and sweet.

Rex looks at Bam.
Pip zips past the big
red neck, but Rex is
not so cranky.

The song is soft,
and Rex gets
sleepy. He rocks
and rocks on the
deep. Pip tweets
softly. Then Rex
sinks under the
deep to sleep. Rest
well, big beast!

The sand is all
junky. Bam lifts a big
plank, and the kids
help him fix it all.

Pip flaps and
tweets. Then the
pals can party on
the sand!

Bam's Jumpy Song

Bam thinks his flute music is so soothing it could calm the whole ocean, so he plays louder just to see. But when the ground rumbles and something huge stirs beneath the bay, has his song woken up more than he bargained for? Written for Jolly Phonics classrooms (Step 2, Unit 1: y saying /ee/), this book practices words like 'jumpy', 'sleepy', 'cranky', 'foamy', 'splashy'.

Phonics Focus: <y> <saying>

cranky, foamy, jumpy, junky, party, pesky, sleepy, softly, splashy

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
