Come Visit the Biomes!

Minecraft Ecology

Look at this
big blue ocean.

It is so vast
and sunny.

Many fish swim
in it all day.

See this **tiny**
bit of land. It
is **sandy** and
small. The
ocean is vast
on all sides.

This spot is not
cold. Grass and
kelp fill the
sandy bed.

Tropical fish and
a squid live in
this sunny spot.

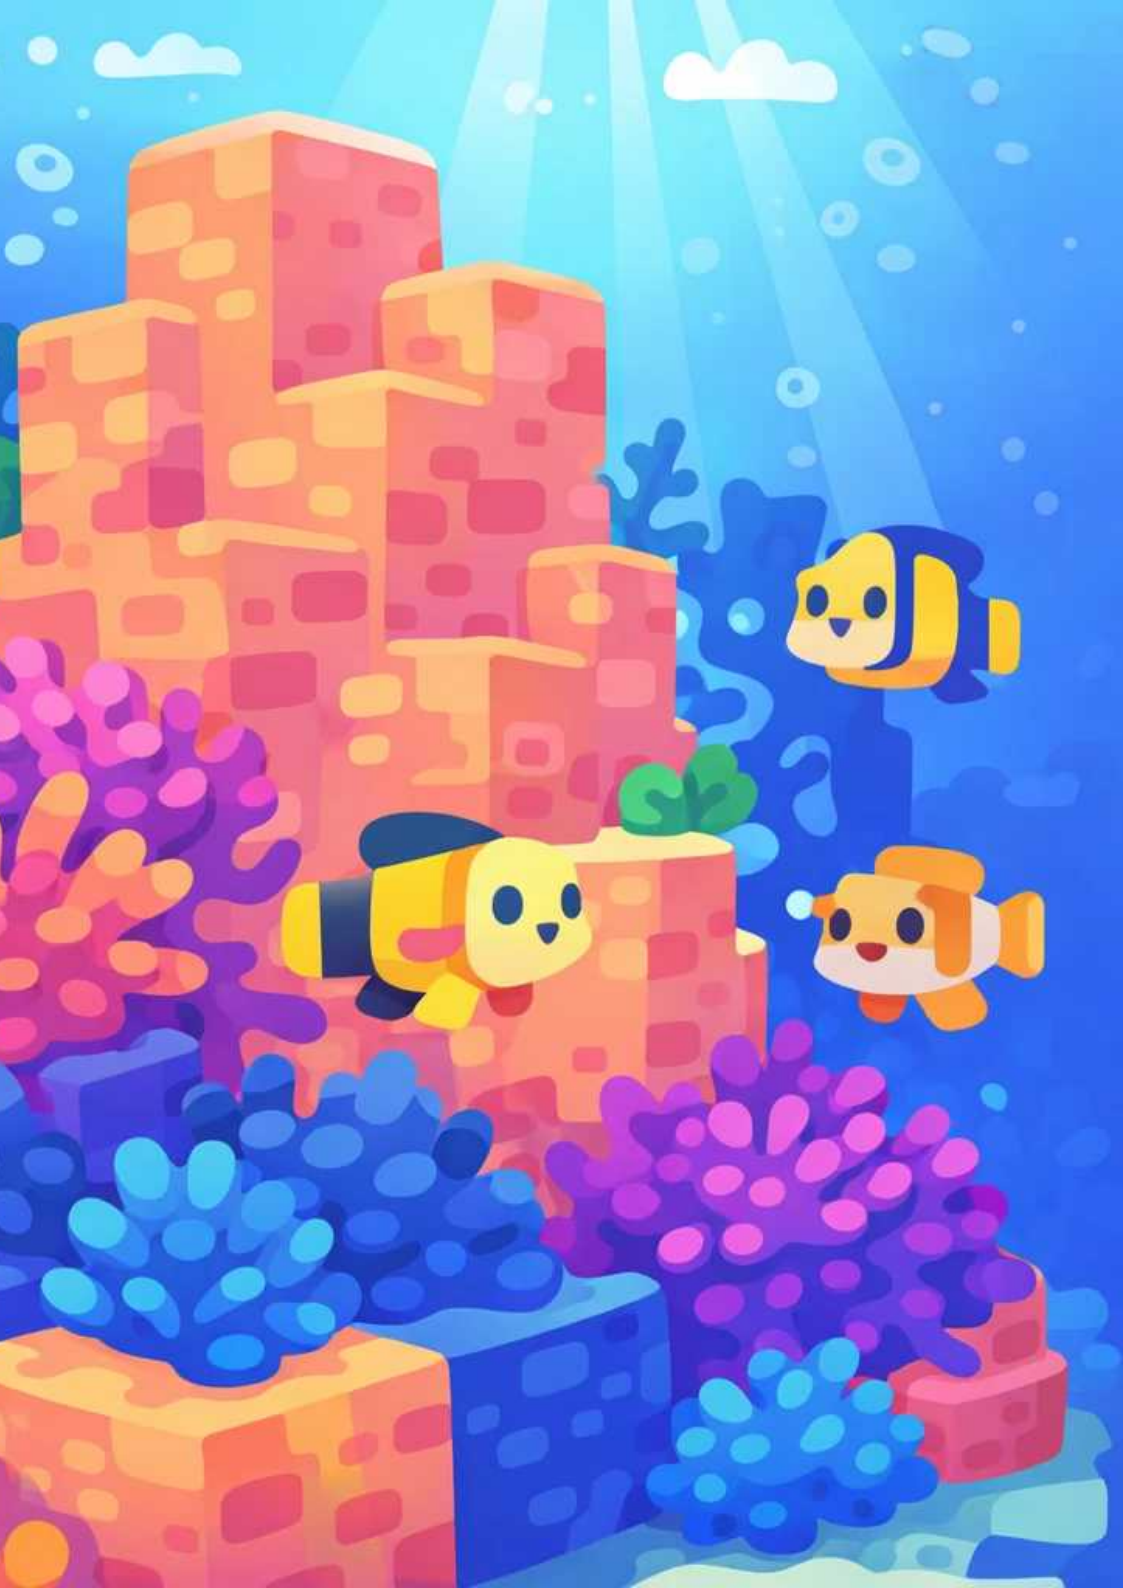

This ocean is
cold and dim.
The bed is full
of **rocky** bits and
mud. A cod and
a squid swim in
the **chilly** mist.

This ocean is icy
and cold. Big
chunks of ice drift
on top. It is so
chilly, but a squid
and a fish still live
in it.

This ocean has
lots of coral.

The coral is pink
and blue. It is
so **shiny!**

Tropical fish zip
past it all day.

Not all ocean
mobs are kind.
This mob is
cranky and bad.
Zap! It can zap
us, so we must
not get close.

Turtle can walk on the land. He rests on the soft, sunny sand. A small mob sits by him. Then they will swim back in.

So much life is in
the ocean. Fish, a
squid, and Turtle
swim by the coral.
When the ocean
is in top shape,
they are all happy.

But look at all this trash on the sand. It is such a mucky, yucky mess. We must pick it all up. Help us keep the ocean tidy!

Come Visit the Biomes!

Come explore the oceans of Minecraft! A sunny lukewarm sea teems with fish, while a chilly frozen sea hides icy surprises below the waves. But not every creature down there is friendly, and the sandy shores hide a mucky mess too. What will happen when players dive in to help keep the ocean tidy? Created to align with the UFLI Foundations scope and sequence (Lesson 74: y /ē/), this book practices words like 'sunny', 'chilly', 'sandy', 'mucky', 'tidy'.

Phonics Focus: y /ē/

chilly, cranky, happy, icy, mucky, rocky, sandy, shiny, sunny, tidy, tiny, yucky

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
