

Dr Can Do Needs Cactus

Jill is back, but
she has nil pep
and nil vim.

Can Do gets a
carrot from the
bin for Jill.

Can Do is in his lab, and he has a plan. He invents a big rig to get plant dust.

Can Do can
see the vast
sand land. It is
a long, long trip.
He must get a
cactus from it.

He gets up
onto his pal,
and they trot
to visit the
sand land.

The cactus is
vast! Can Do
taps it. Ouch!
It stings his
hand.

He sets his coat
on the cactus and
tugs. Ah! It stings
him. Bad plan! He
digs **divots** in the
sand. He digs and
digs, and the cut
gets long and deep.

A boat bobs in
the long wet cut,
and a bin sits in
the boat. Bam! He
hits the cactus,
and **seven** blocks
drop into the bin.

Can Do floats
back in his
boat. Jill grins
at the long wet
cut and the
vivid green
blocks.

The big rig has
rivets, and it
hums. Plant dust
drops from it,
and a man gets
a big bag to
feed his crop.

Jill has a snack,
a big carrot,
and she grins.
Can Do sits and
plans. He has
pep and vim!

Dr Can Do Needs Cactus

Jill's armor is cracked, her golden carrots are gone, and without them her next mining trip could be her last. Dr Can Do has a plan involving bone meal, a giant cactus, and absolutely no idea how prickly things are about to get. He packs no food, no water, and no armor. Can a lab coat and pure confidence really be enough to bring cactus home safely? Written for Jolly Phonics classrooms (Group 5: v /v/), this book practices words like 'vast', 'vim', 'invents', 'rivets', 'visit'.

Phonics Focus: <v>

divots, invents, rivets, seven, vast, vim, visit, vivid

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
