

Got It!

Max stands
at the mesh
and looks in.
Sam whacks
the ball on
the grass.

Sam whaps
the ball up and
it whizzes at
Max. It
whomps him in
the chest!

Sam whisks
past with the
ball. Max runs
and runs, but
he huffs and
puffs.

Max stops and
looks. Tap, tap!

Sam whips the
ball from leg

to leg.

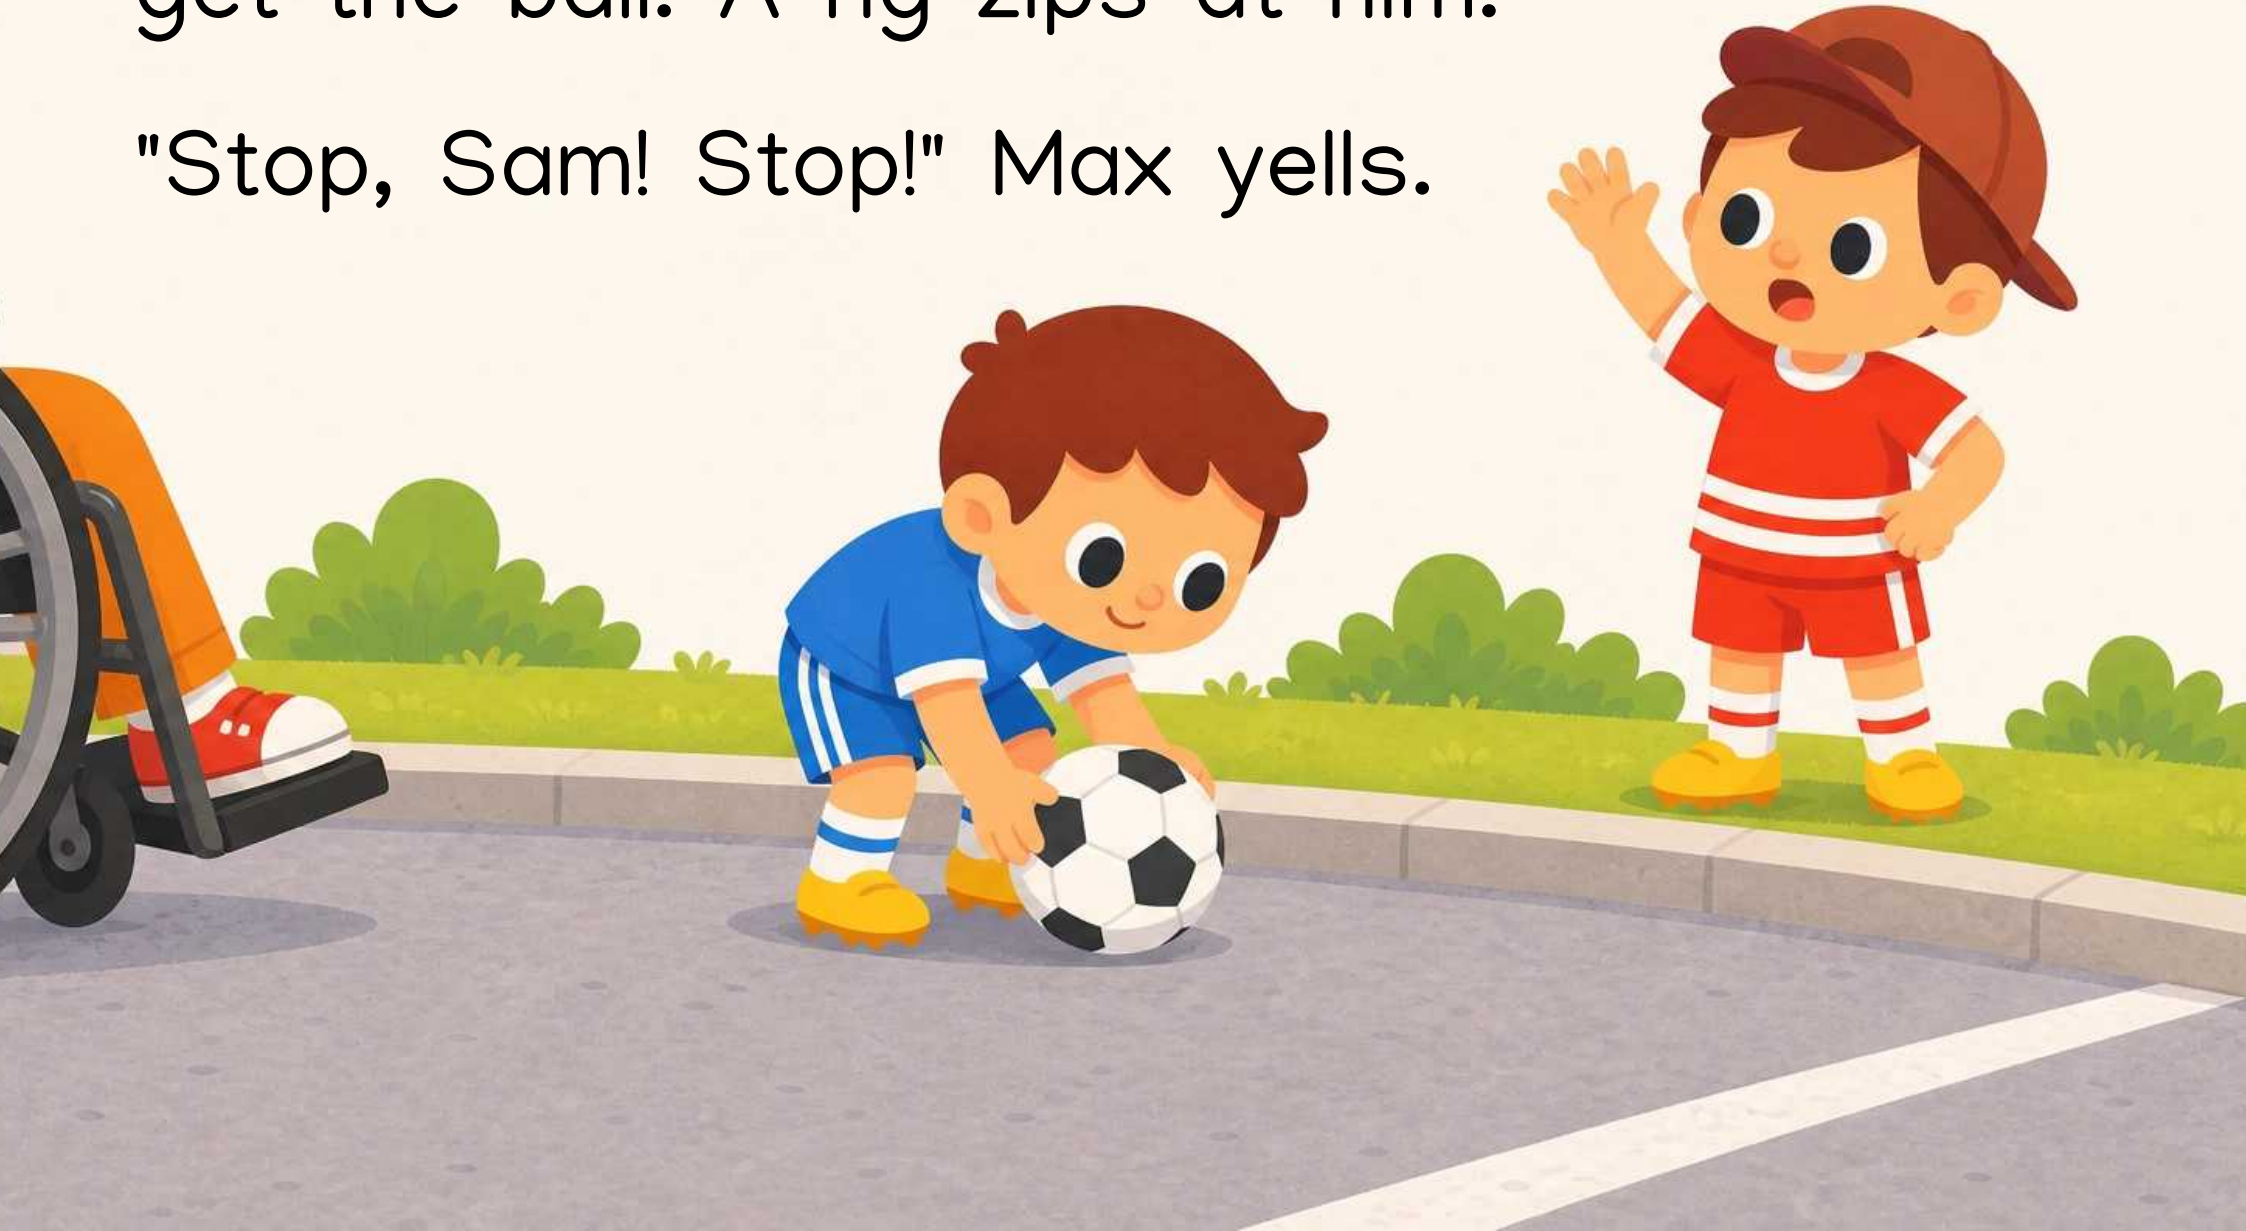

Max grabs at
the ball, but
Sam whishes
past him. Sam
is so fast!

Wham! Max whacks the ball and
it whizzes off the grass.

Sam runs on the asphalt to
get the ball. A rig zips at him.
"Stop, Sam! Stop!" Max yells.

Max grabs Sam and tugs him off the asphalt. The rig whams past them.

Max and Sam
sit on the hill
in the sun.

They huff and
puff and rest.

Sam jots big
print in the
dirt. When he
stops, Max
looks at the
print and
grins.

Max is
next. He
jots print in
the dirt,
whish,
whish. Sam
claps and
grins!

When the sun
sets, Max and
Sam rest on
the grass.
What pals
they are!

50

Got It!

Max just wants a kickabout with a boy juggling a ball by the fence. But the moment the ball flies onto the road, the game turns into something far more urgent. Can Max reach his new friend before it's too late? Created to align with the UFLI Foundations scope and sequence (Lesson 50: wh /w/, ph /f/), this book practises words like 'whacks', 'whizzes', 'whams', 'asphalt', 'whisks'.

Phonics Focus: wh /w/, ph /f/

asphalt, whacks, wham, whams, whaps, when, whips, wish, wishes, whisks, whizz, whizzes, whomps

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
