

An Unofficial Minecraft Chapter Book

I Should Not Grab It

Part
1

Steve digs in a dim cave. Chink, chink, chink! Then a flash! An emerald shines in the wall. 'What a find!' says Steve.

Hisssss! A mob is
behind Steve. He
spins back. Bam!
The blast is wild,
but Steve blocks it.
The emerald is still
lit, and it is odd.

Steve blinks. He is not in the **cave**. He stands on grass, under a big **sky**. The emerald is still in his **hand**, still lit. 'This is a **tricky** emerald,' says Steve.

Twang! A shot zips
past Steve. A mob!
He swings his blade
at it. Wham! Bones
tumble on the grass.
A **little** lit ball rises
up, and Steve grins.

More mobs! A mob
with red eyes gets
close. A **baby** mob
rides a chicken!
'Oh no,' says
Steve. He picks a
path and runs fast.

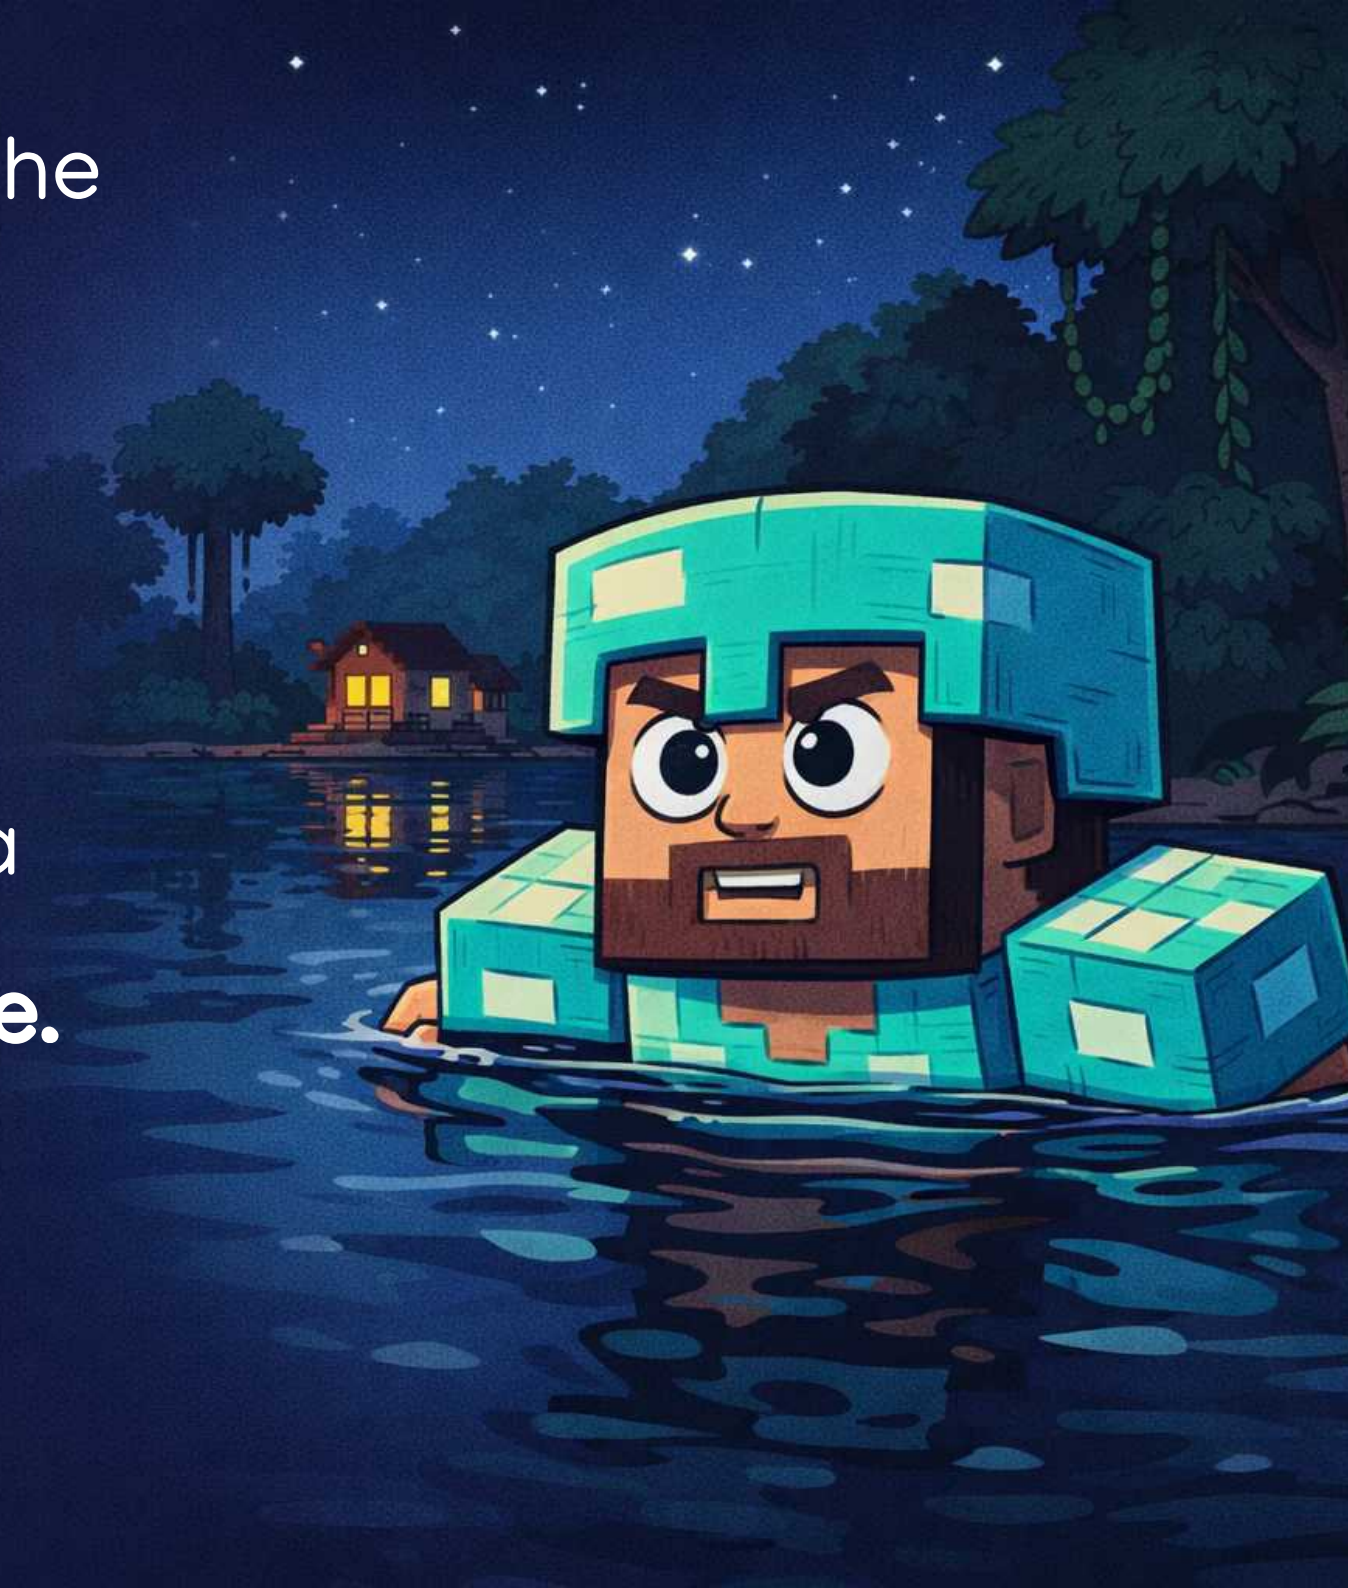

Steve finds a river and splashes in. He wades to the **middle**. A mob stands at the **edge**, but it can not **catch** him. 'Not this **time**,' says Steve. He is **bold**, and he is **lucky**.

Steve swims **by** the
tall **jungle** plants.

Then he spots a
little cabin on the
bank. A cabin is a
safe place to **hide**.

He swims fast to
get there.

Steve is **safe** and
cosy in the cabin.
The sun shines in,
and he holds up the
emerald. A little flame
still twinkles inside it.
Steve smiles a big
smile. 'So,' he asks,
'where to next?'

76

I Should Not Grab It

Deep in a dark cave, a miner's pickaxe strikes something that glows green in the wall. One touch sends up a hiss, a blast, and a swirl of light, and suddenly the miner is standing outside under open sky, far from home, with mobs closing in fast. Can this lucky miner find safe ground before the wild bunch catches up? Created to align with the UFLI Foundations scope and sequence (Lesson 76: Ending Patterns Review), this book practises words like 'find', 'lucky', 'tumble', 'hide', 'safe'.

Phonics Focus: Ending Patterns Review

baby, behind, bold, by, catch, cave, edge, find, flame, hand, hide, hold, jungle, little, lucky, middle, place, safe, sky, time, tricky, tumble, twinkle, wild

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
