

Zigzag Drops in the Mist

Gus sits in a
pink zip-up top.
She is sad, and
a drop drips.
The flute hums
a sad song.

The sad song
drifts up from
Gus. It zigs and
zags in the tree.
The bits flit and
float.

Green drops
drift and zigzag.
The mist soaks
up the drops
and sobs. Rain
drips and drips.

Drip, drop! A
raindrop **zaps**
Brown Rabbit.
Black Rabbit sits
at the tree, and
Pip is damp and
glum.

Sal bends and is upset. The rain drips on Sal.

Bee peeks up at Sal. Zip! Bee zips up in the rain.

Bee zigzags up
and meets Pip
in the rain. The
sad song drifts
on. Bee and Pip
must seek it.

Pip lands and
asks Brown
Rabbit for
help. Zip!
Brown Rabbit
runs. He has
zest!

Brown Rabbit
zigzags up and
spots Gus. Gus
has the flute and
sobs. She needs
mum and dad.

Black Rabbit zips
in, and Brown
Rabbit hops up.
Gus grins.

Pip lands on Gus,
and Sal is glad.

The sun is up.
Gus and the
pals sit in the
sun. Bee zips,
and Gus is
glad.

Zigzag Drops in the Mist

A girl sits in her window, playing her flute, and every note is sad because she is sad. Her music drifts out across the garden until raindrops start to fall from a clear sky. Down below, a rabbit's ears perk up, a bee zips into the air, and a bird zigzags through the drizzle. Can this little band of friends zigzag their way to whoever is playing that heartbroken song? Written for Jolly Phonics classrooms (Group 5: z /z/), this book practises words like 'zip', 'zigzags', 'for', 'zags', 'zest'.

Phonics Focus: <z>

for, zags, zaps, zest, zigs, zigzag, zigzags, zip, zips

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
