

Which Pal Has Them?

See the big plant
up on the hill. The
wind whips at the
small red huts.

Pip packs nuts
in a gap. Then
she whisks off
fast to grab a
lot.

The gap has
no nuts in it!
Pip sniffs, but
not a whiff.
What pal took
them?

Pip asks the
bugs which pal
took the nuts.
The bugs did
not see a thing.

Wham! The
bugs rush at
Pip, and she
drops off
the branch.

Pip asks a bug
to help. The
bug just
whizzes off.
Pip sits on a
rock, so sad.

Liz has a
snack for Pip,
but Pip says
no. When will
Pip get the
nuts back?

Liz sits and
chats with Pip.
Hmm, which
gap did the
nuts drop in?

Pip whizzes off
the plant.

Sniff, sniff! She
spots Cam at
the end of the
plant.

Whomp, the
nuts fell in a
gap! No pal
took them at all.
Cam helps Pip
pick them up.

Whack, wham!

Pip fixes the
gap with

planks, then

whisks up to

the hut.

Pip rests in
the hut at
last. She sips
and grins
when the sun
sets.

Which Pal Has Them?

High in the oldest tree on Butternut Hill, a busy squirrel has stuffed nuts into every hole she can find, ready for winter. One morning, every single nut is gone. Furious, she questions bugs, a fly, even the buzzing bees, but nobody seems to know a thing. Could someone really have taken every last nut, or is something else going on? Created to align with the UFLI Foundations scope and sequence (Lesson 50: wh /w/, ph /f/), this book practices words like 'whisks', 'whack', 'whiff', 'whomp', 'whizzes'.

Phonics Focus: wh /w/, ph /f/

whack, wham, when, which, whiff, whips, whisks, whizzes, whomp

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
