

Fig Pig Sees a Black Thing

An Unofficial Minecraft Book

Fig Pig has to
stop. A tall
black thing
stands in the
dim den. It has
long, long legs.

Zing! A flash
shoots up in
the sky. Fig Pig
sees the thing
at the back, so
tall and so still.

Fig Pig is strong.
He wants to see
what the thing
did. Fig Pig and
Player walk up
the path to the
den.

The thing is so tall in the dim den. Player hangs back. Fig Pig must not look at it. He stands still and talks to it.

The thing
clings to a
block. Zing!
It is gone in
a flash.

Fig Pig gets it.
The thing hangs
on to that block.
"It just longs to
stack blocks with
us!" says Fig Pig.

A big thing with wings springs up in the sky. It can smash all the blocks! The tall thing is in shock. It screams and screams.

Fig Pig looks at the tall thing on the path. It is not mad, it is sad. It screams as it longs for a pal.

Fig Pig Sees a Black Thing

Fig Pig freezes when he spots a tall black thing hiding in the dim den, its long legs still in the dark. A strange zing lights up the sky, and Fig Pig knows he has to get closer. What is this silent, watching thing, and why won't it come out? Created to align with the UFLI Foundations scope and sequence (Lesson 51: ng /ŋ/), this book practices words like 'thing', 'long', 'clings', 'springs', 'wings'.

Phonics Focus: ng /ŋ/

clings, hangs, long, longs, springs, strong, thing, wings, zing

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
