

Girl Made of Air

Pop sits on the
bed and sips a
hot drink.

I tuck in **next** to
him, glad as
can be.

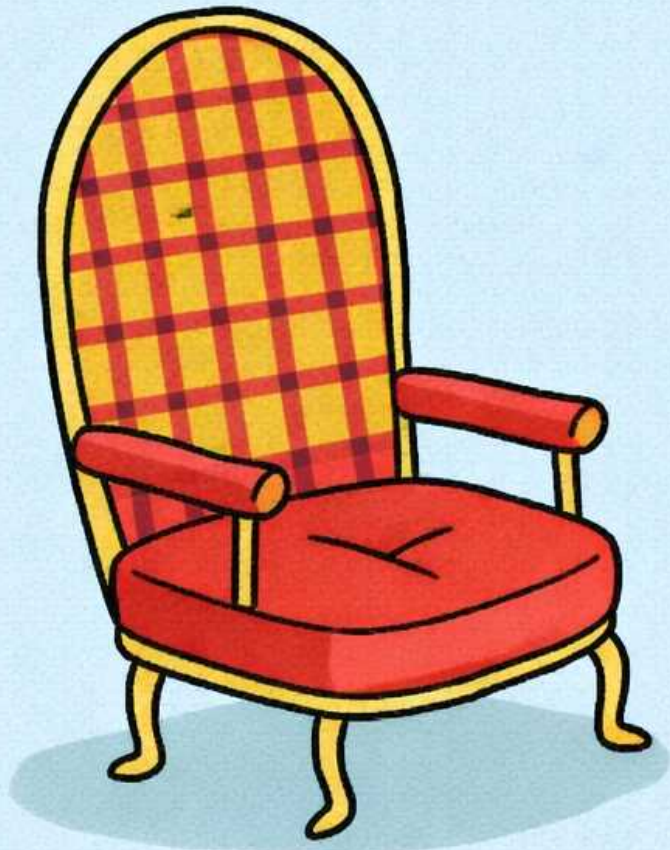

Pop bends in.

Up next: Viv!

We can not
see Viv at all.

Is it a hoax?

Viv sits on the
red pad, but we
can not see Viv.
Just a dip in the
pad. Is it a jinx?

Drip, drop! Rain
lands on Viv. In
the wet we can
just spot Viv.
The rain can not
vex Viv.

Soft bits drop
and land on Viv.
The kids stop
next to Viv and
peek. Viv stands
and lets the kids
look.

Viv picks up a
green wax stick.
The lad next to
Viv gasps. He
can not see a
hand on it!

The lad is
vexed, but Viv
just sits. He
gets his paint
tool and dabs
a grin on Viv.

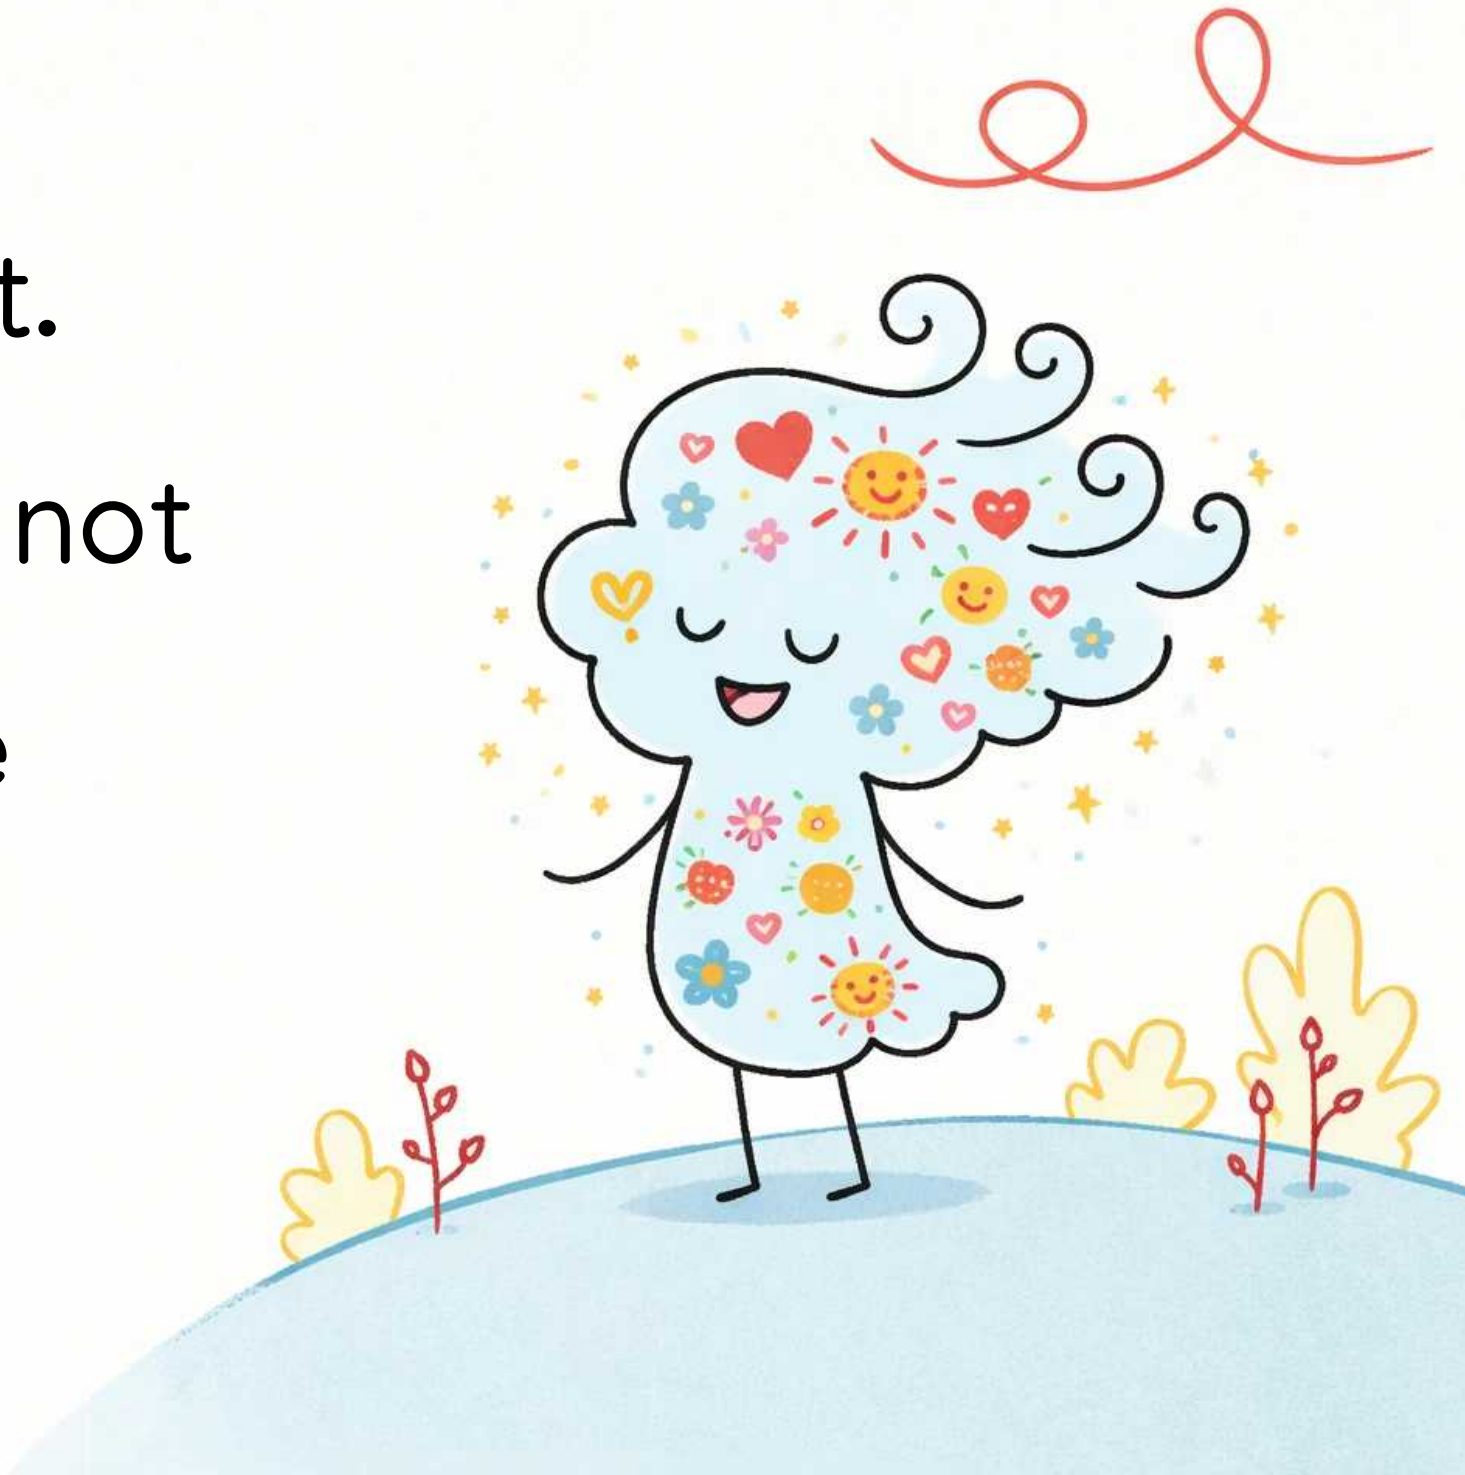

Next the lad
adds a cat
and pics to
Viv. Viv grins
at the fun mix.

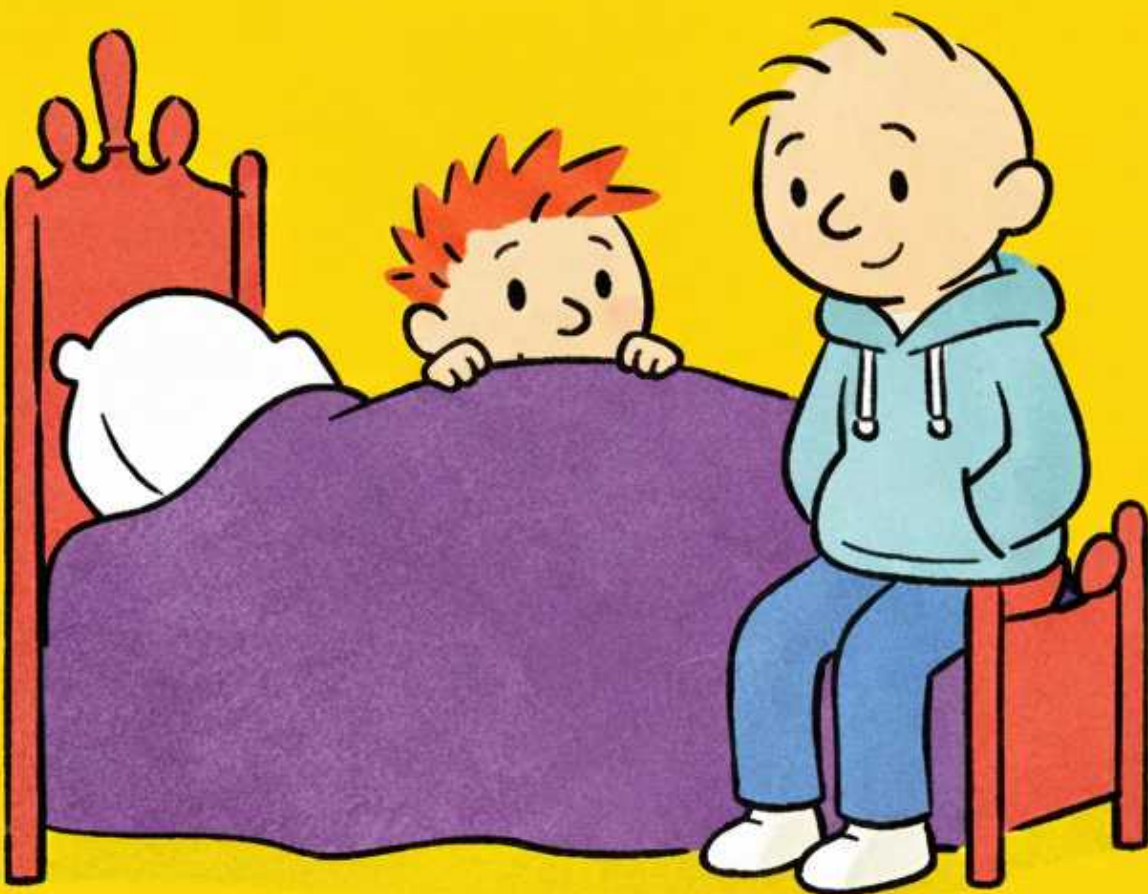

Viv dabs on a paint
mix. Step, step! A
footprint trail
zigzags from Viv.

Viv stands,
vivid at last.
Not a hex, not
a hoax! We
can all see
Viv.

Pop sips his
hot drink and
grins at me.
Viv must be
a hoax, I bet!

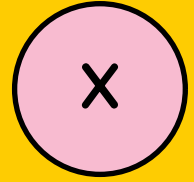

Pop dims the
lamp. Click!

Next, the door
tilts open a bit.

Don't, Viv!

Don't open it!

Girl Made of Air

A girl made of air sits right beside you and you'd never know it, until a boy at school spots a crayon moving all by itself. Can she find a way to finally be seen? Written for Jolly Phonics classrooms (Group 6: x /ks/), this book practices words like 'hoax', 'mix', 'vex', 'wax'.

Phonics Focus: <x>

hex, hoax, jinx, mix, next, vex, vexed, wax

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
