

Gosh, Trash!

Gosh, the lab
is a big mess!

Dr. Can Do is
mad. He wishes
for a fresh lab.

He sorts the kit
fast and shuts
it in the chest.

Gosh, the lab
looks fresh! He
grins.

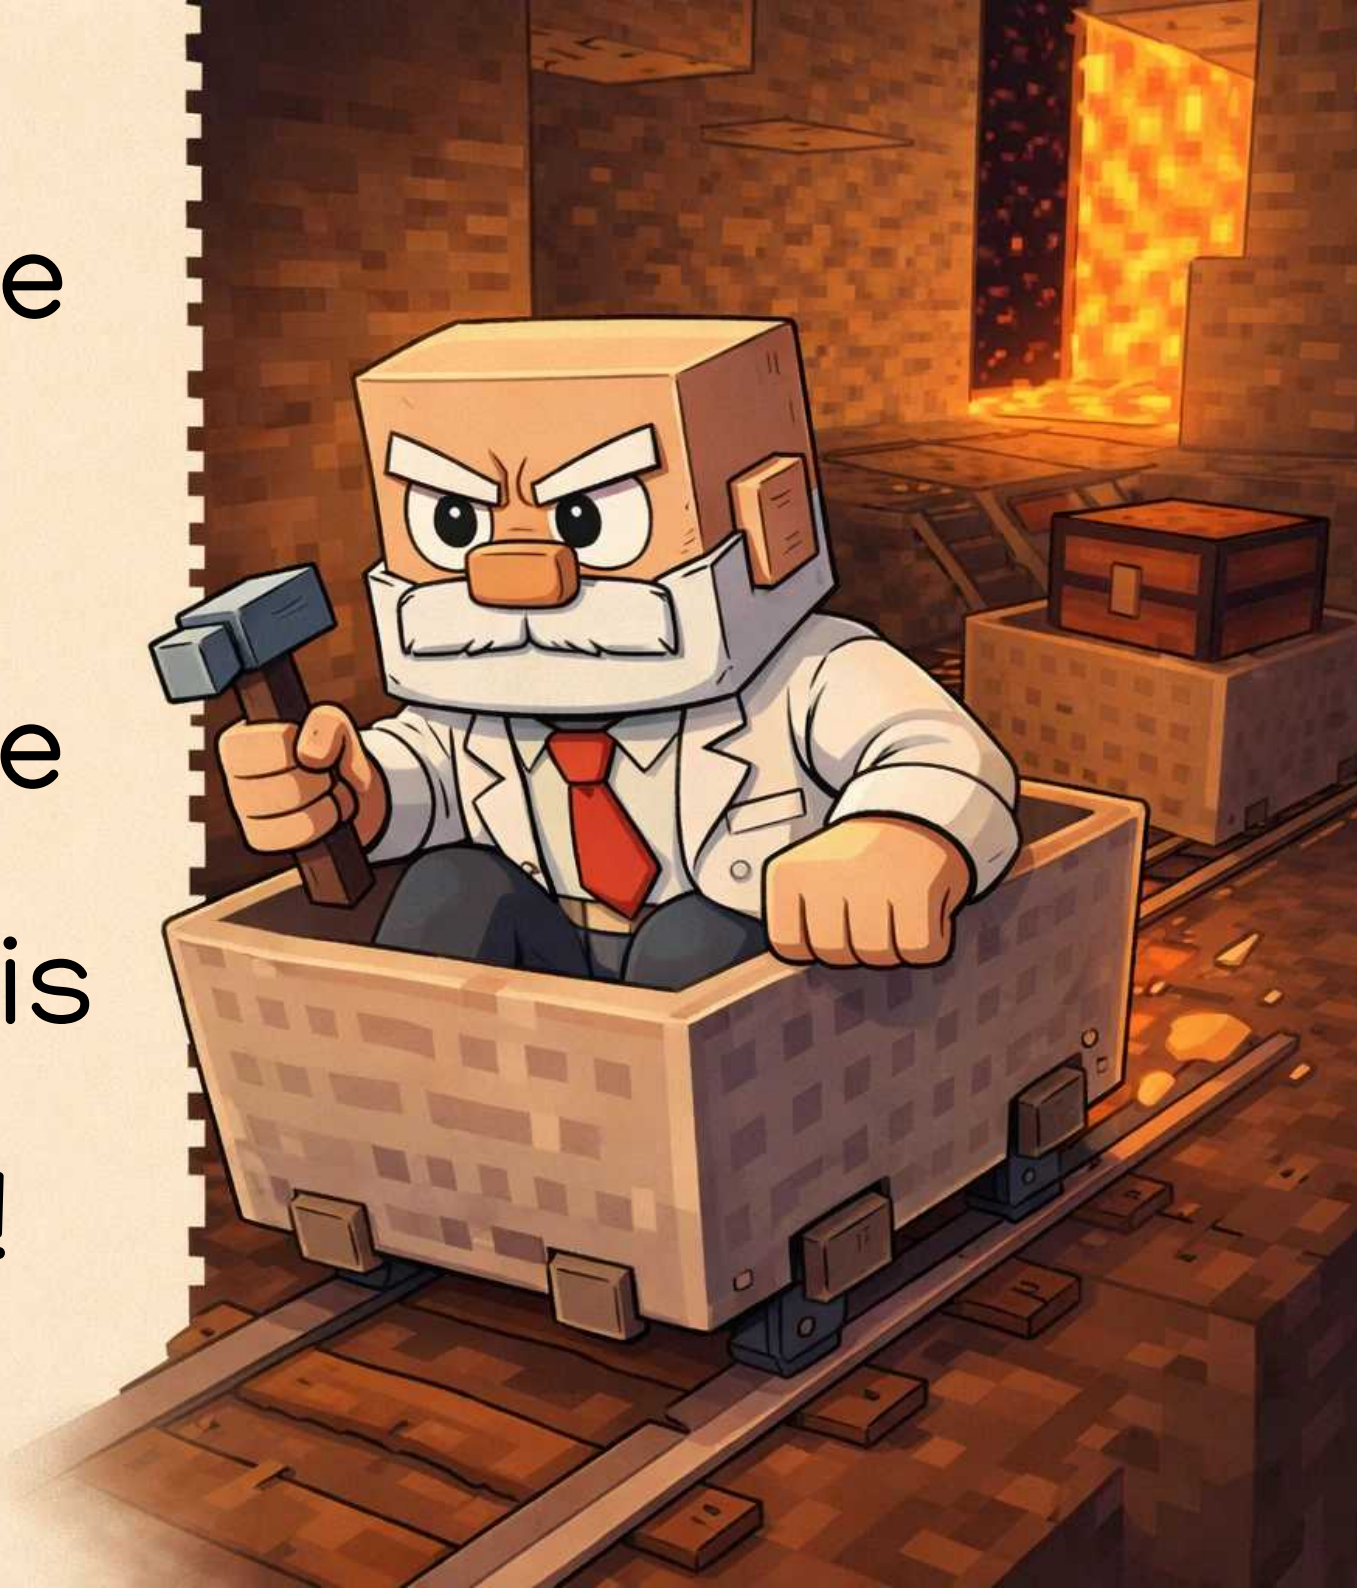

But look at
the rock on
the shelf! Such
a big stack.

It has to go.

He sits in the
rail rig and
rushes to the
pit. Gosh, it is
hot, hot, hot!

He has a plan!
A rig can shift
his trash to
the pit. He
grins at the
red dust.

He sets up a chest, a feed bin and red lines.

Bash! He slams black blocks on top. The pit is shut.

The rig hums
and the lab is
fresh.

Dr. Can Do
grins a big grin.

But look! Red
dust and grit
are on the rug.

It is a big
mess. Dr. Can
Do just shrugs.

Gosh, Trash!

Dr. Can Do finally tidies his messy workshop, but a chest full of stone leaves no room for his inventions. He dreams up a clever rig to send the trash straight into the lava pit himself. Will his brilliant plan really keep his workshop clean for good? Written for Jolly Phonics classrooms (Group 6: sh /sh/), this book practices words like 'fresh', 'gosh', 'bash', 'shelf', 'shuts'.

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
