

I Am Fine!

An Unofficial Minecraft Book

Nitwit is at the bell
with his chum. Nitwit
is not well. His nose
drips and drips.

'I am fine,' says
Nitwit. 'I am not
sick. Nope!'

Nitwit walks on the grass path. His nose has an itch in it. 'I will not do it,' says Nitwit. 'I will not!' A... a... achoo! What a blast! The plants go flat.

Nitwit goes home
to rest in his hut.
Cat sits in the hut.
A... a... achoo! Cat
gets a big shock. 'It
is just dust,' says
Nitwit. 'I am fine.
Nope, not sick.'

Nitwit goes to see
Dog. But Dog is sick
as well. A... a... achoo!
Wet muck splashes
Nitwit. Yuck! 'That is a
big wet mess, Dog!' yells Nitwit. 'Go to
bed and doze.'

Nitwit is back
home. He is hot.
He feels odd. His
nose drips. 'I am
fine,' says Nitwit. 'I
will not rest. I am...'
A... a... achoo!

There is Nitwit's
bed. It is so soft.
But will Nitwit hop
in and doze? Nope!
Nitwit is cross. 'I.
Am. Fine,' says
Nitwit.

I Am Fine!

Nitwit's nose won't stop twitching, and no matter what happens, he refuses to admit he's sick. He sneezes his way from the village bell to his chum, to his hut, to Dog's place next door, insisting he's fine every single time. But his bed is soft, his blanket is red, and it's right there waiting. Will Nitwit finally give in and rest? Created to align with the UFLI Foundations scope and sequence (Lesson 56: o_e /ō/), this book practices words like 'nope', 'nose', 'doze', 'home'.

Phonics Focus: o_e /ō/

doze, home, nope, nose

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
