

An Unofficial Minecraft Series

Dr. Can Do

I Can Do It!

Jill has stone. A lot of stone! Stacks and stacks of it sit by the home.

'What a big mess,' says Jill. 'I must get rid of this stone.'

Jill takes the stone to the bin. But look at that long line! Ten in the line, and not a fast lot. 'Nope, nope, nope,' says Jill. 'I'll set up a bin at home, all by myself.'

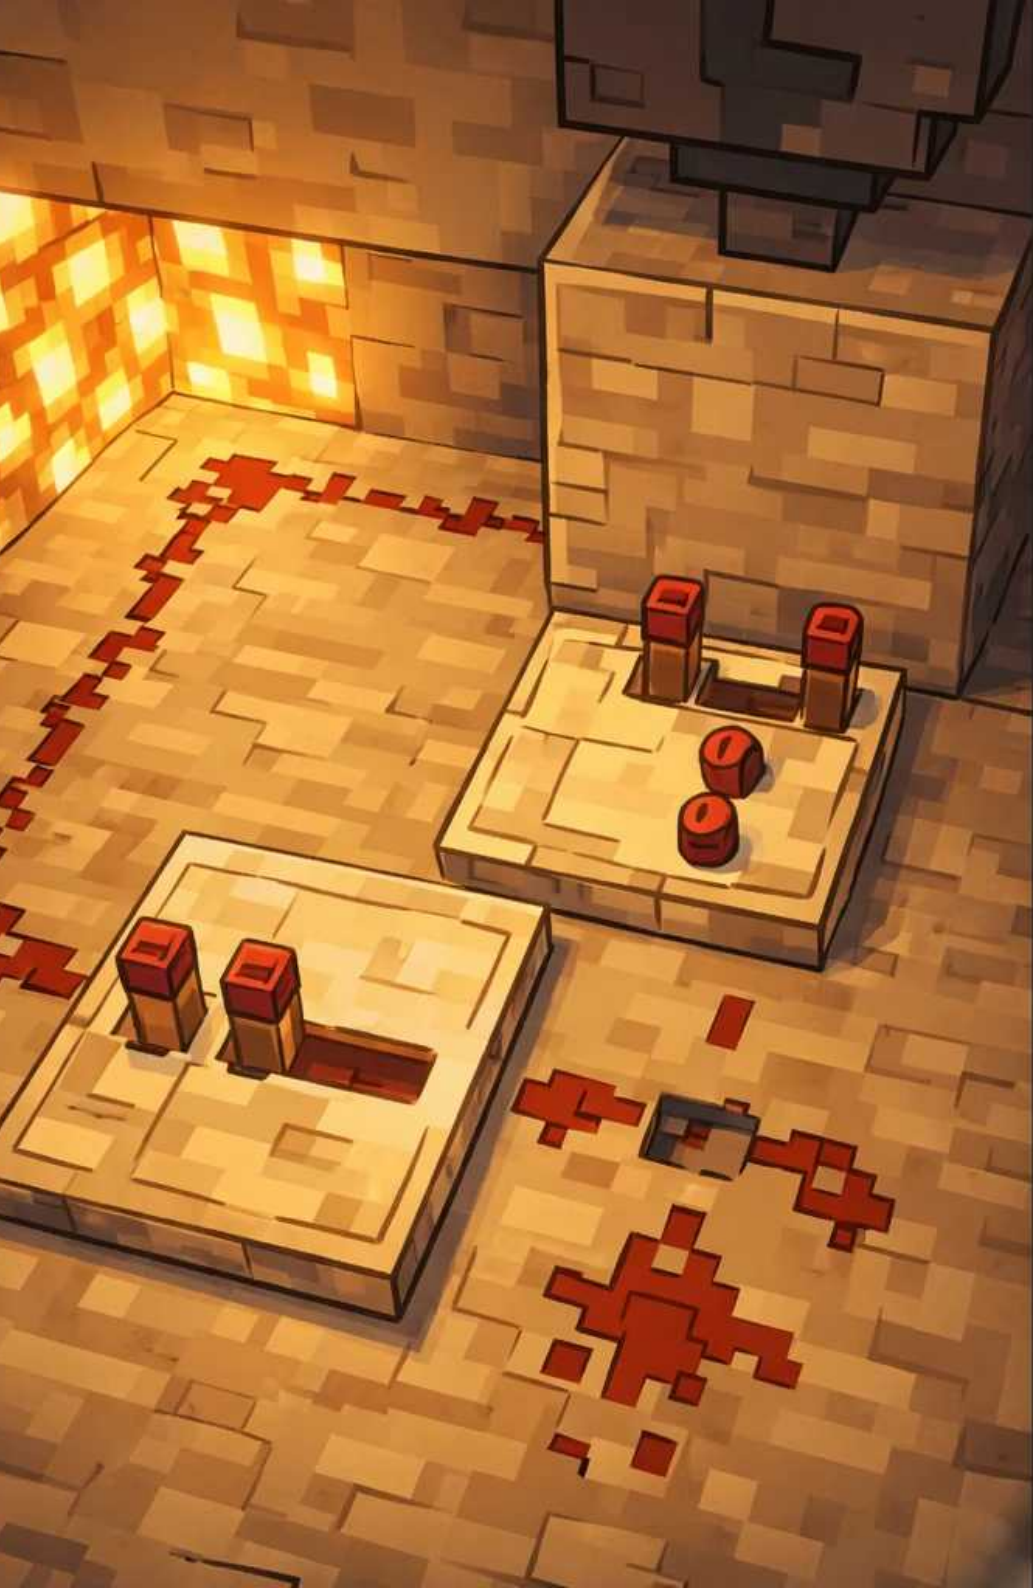

Jill talks to Dr. Can Do by the pond. He hands Jill a **note** with a plan on it. '**Note** all the bits, Jill,' says Dr. Can Do. 'Miss a bit, and the bin will not go.' Jill grins and grabs the stuff. 'I hope this is fast!'

Jill sets up the bin in the shop. Redstone here, redstone there. But nope! The bin will not go. It has no lava in it. 'Fine,' says Jill. 'I'll get lava myself.'

The lava is in, but still the bin will not go. Jill looks close at the redstone path. There it is. A hole in the path! A bit of redstone is not there. 'Miss a bit, and the bin will not go,' says Jill.

Jill adds the bit, and
the bin hums! She
drops in a **stone**. Pop!
The **stone** melts. She
drops in the rest.
Pop, pop, pop! 'I did it
myself!' says Jill, and
she grins a big grin.

56

I Can Do It!

Jill has a yard full of stone and a line too long to wait in, so she decides to build her own melting bin at home. But when it hums to life... nothing happens. Can Jill find what's missing and finish the job herself? Created to align with the UFLI Foundations scope and sequence (Lesson 56: o_e /ō/), this book practices words like 'stone', 'home', 'note', 'close', 'hope'.

Phonics Focus: o_e /ō/

close, hole, home, hope, nope, note, redstone, stone

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
