

I Think Curls Are Best!

Jazz has big
curly hair. It
puffs up and
it will not go
flat.

A kid has
flat hair. It
is lit up, and
it sits so
still.

The pets have
bent tails.

Jazz pets the
cat and it is
in bliss.

The big pets have flat,
still tails. Jazz just grins
at the lot.

Jazz steps
up the bent
steps. Up
and up Jazz
will go.

Jazz sits and
mulls it a bit.
Is bent best?
Yes! The cat
is a soft puff
next to Jazz.

Look at the
pic. Jazz is on
top of the hill.
The zigzag
gets Jazz up.

Jazz tests
a flat line. It
is a mess,
a big mess.
Jazz huffs.

The bent lines look
swell. Jazz can do
it well and fast.

Look at the
big buns! The
cat sniffs at
a bun. "Bad
cat!" Jazz yells
and grins.

What bun is
best? Jazz
looks and
looks. Jazz
can not tell!

Puffs, slim bits
and flat bits fill
the box. Jazz
grins and grabs
the lot. Flat stuff
is not so bad!

I Think Curls Are Best!

Jazz has big, bouncy hair that puffs up no matter what, and she is sure curly beats straight every single time. From curled-up cats to spiral staircases to giant swirly buns, she hunts for proof all over. But when a cupboard full of shapes turns everything upside down, will Jazz still be so sure straight things are the worst? Created to align with the UFLI Foundations scope and sequence (Lesson 42: FLSZ Spelling Rule (ff, ll, ss, zz)), this book practices words like 'puffs', 'still', 'hill', 'mess', 'bliss'.

Phonics Focus: FLSZ Spelling Rule (ff/ll/ss/zz)

bliss, fill, hill, huffs, jazz, mess, mull, mulls, puff, puffs, sniffs, still, stuff, swell, tell, well, will, yells

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
