No Shade in the Sand

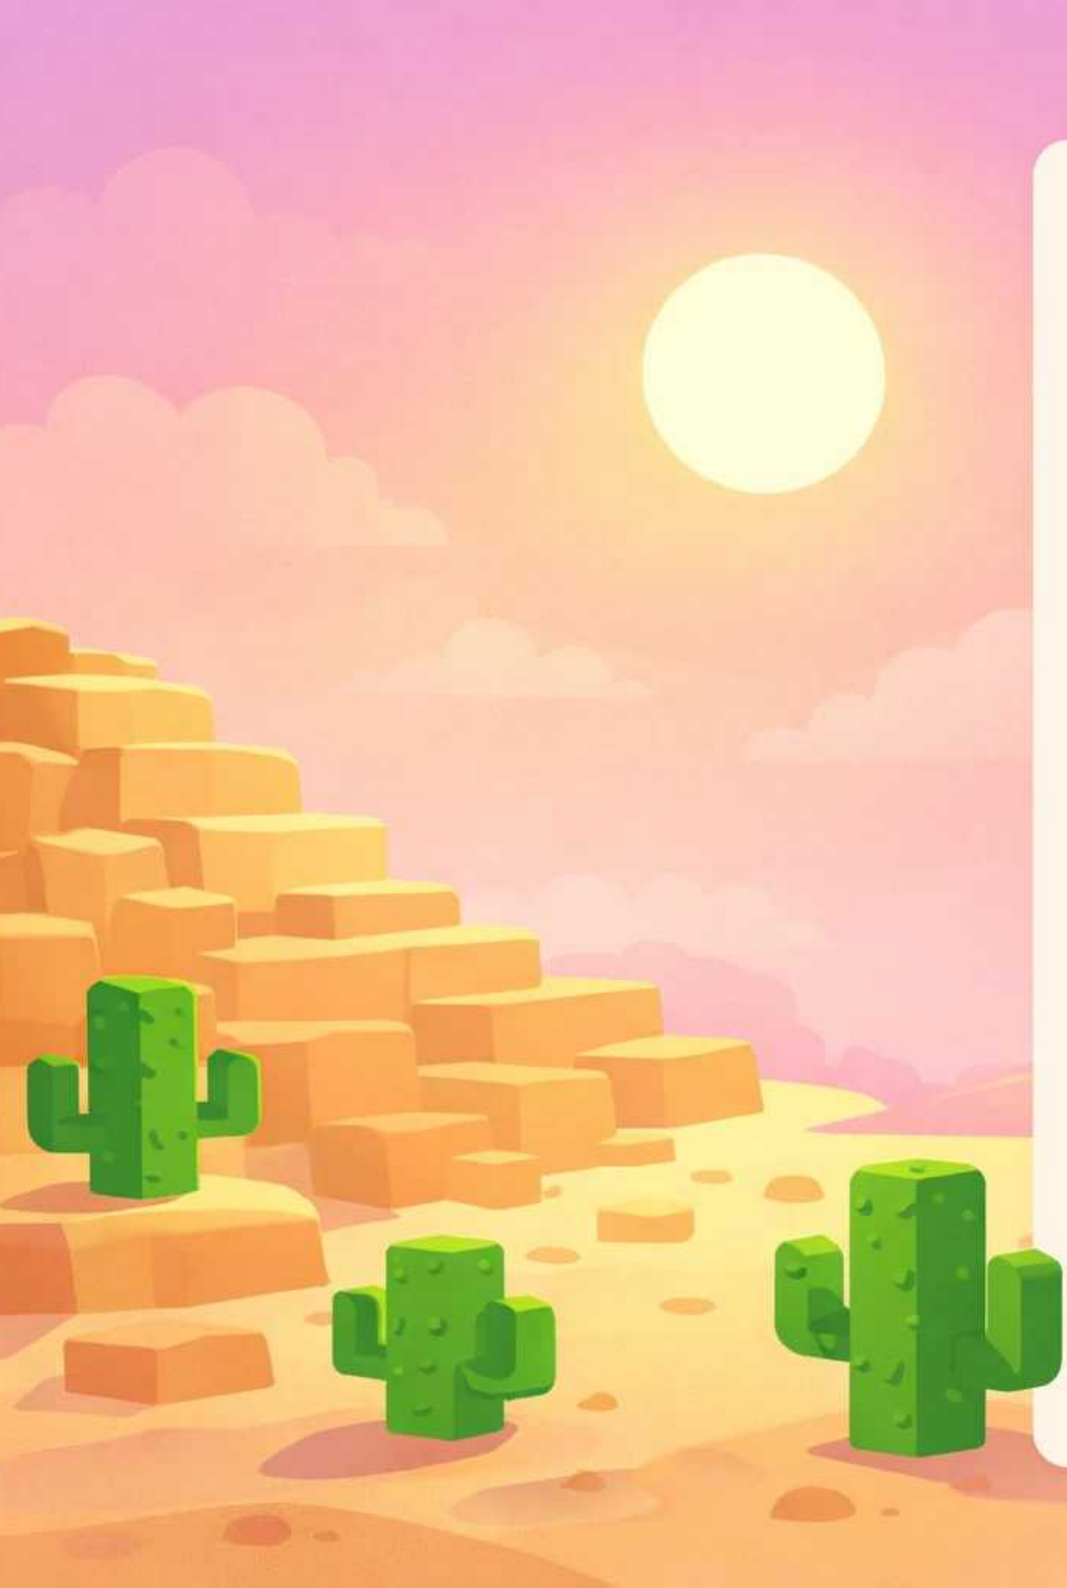

Look at all the
sand. The sun
shines on the vast
land. Small plants
dot the sand, and
the dunes go on
and on.

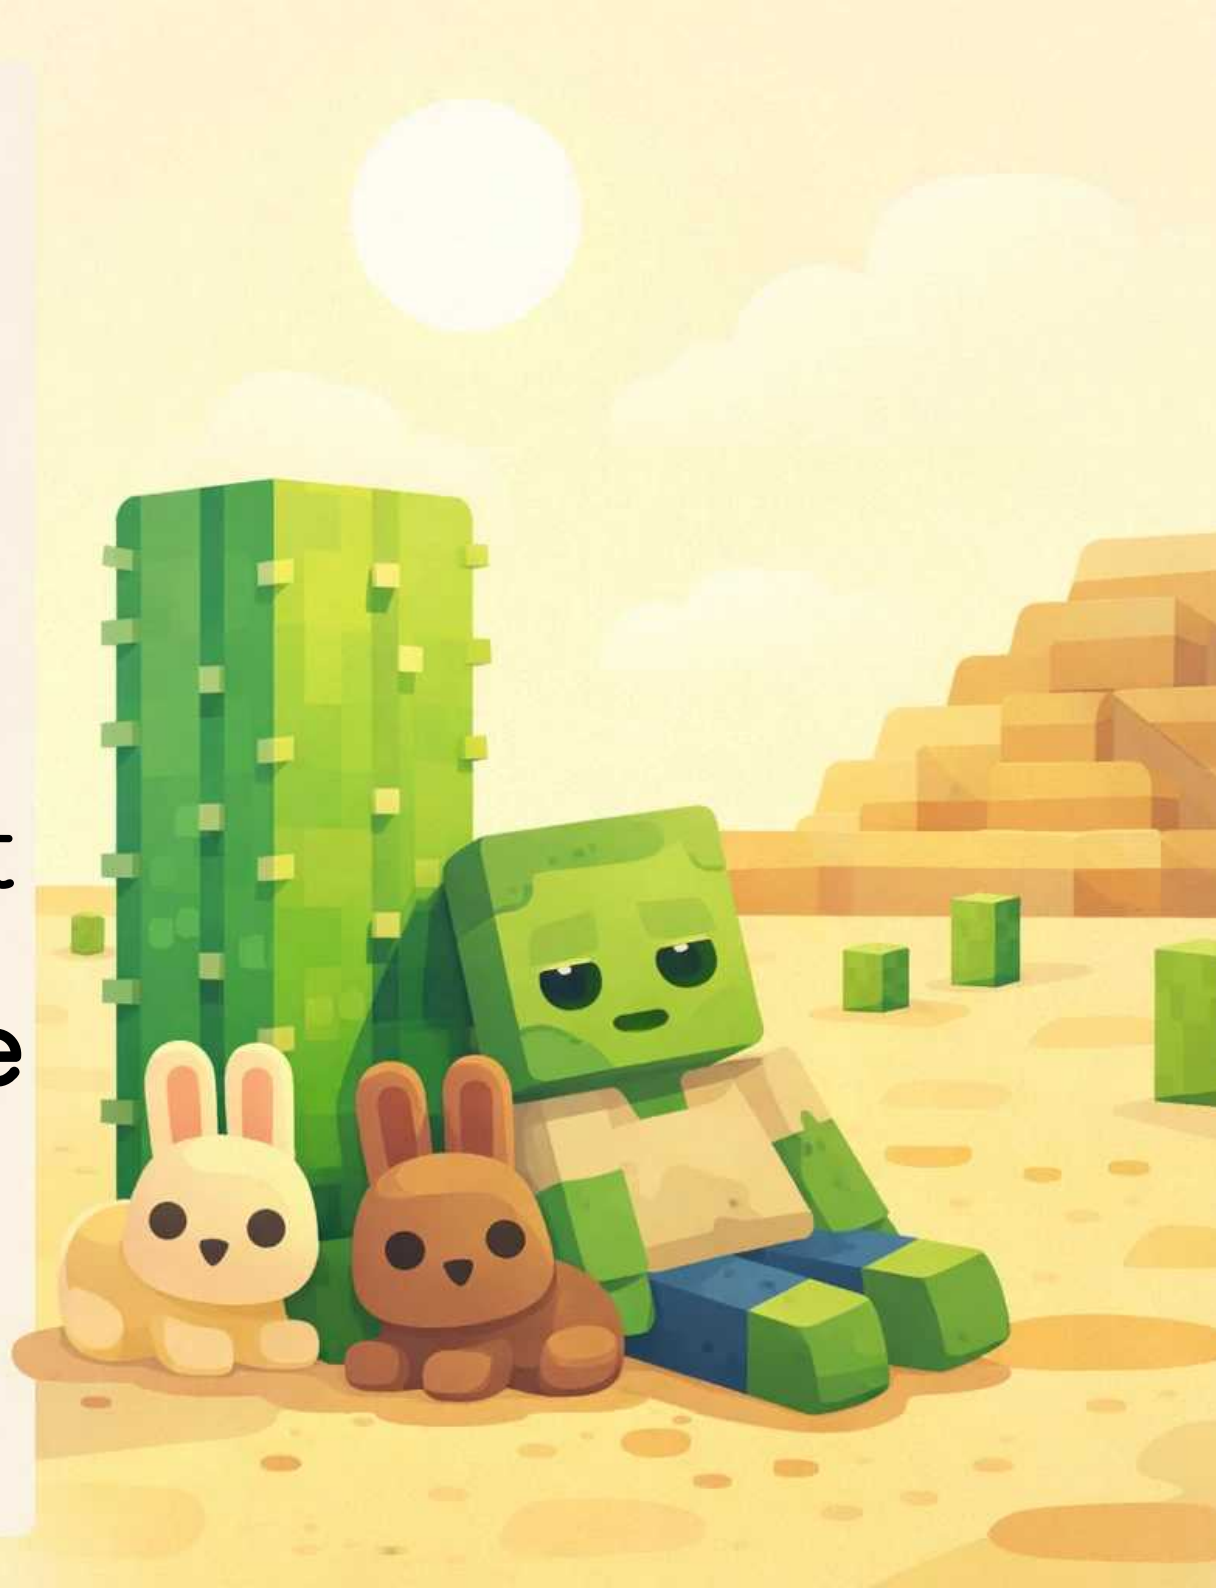

The sun blazes
on the sand. A
lot of desert life
hides in the
shade. The husk
stands still in the
hot sun.

Where can you get
water in the desert?
There are no **lakes**
at all. **Make** a plan,
then **take** a long
trek on the sand.

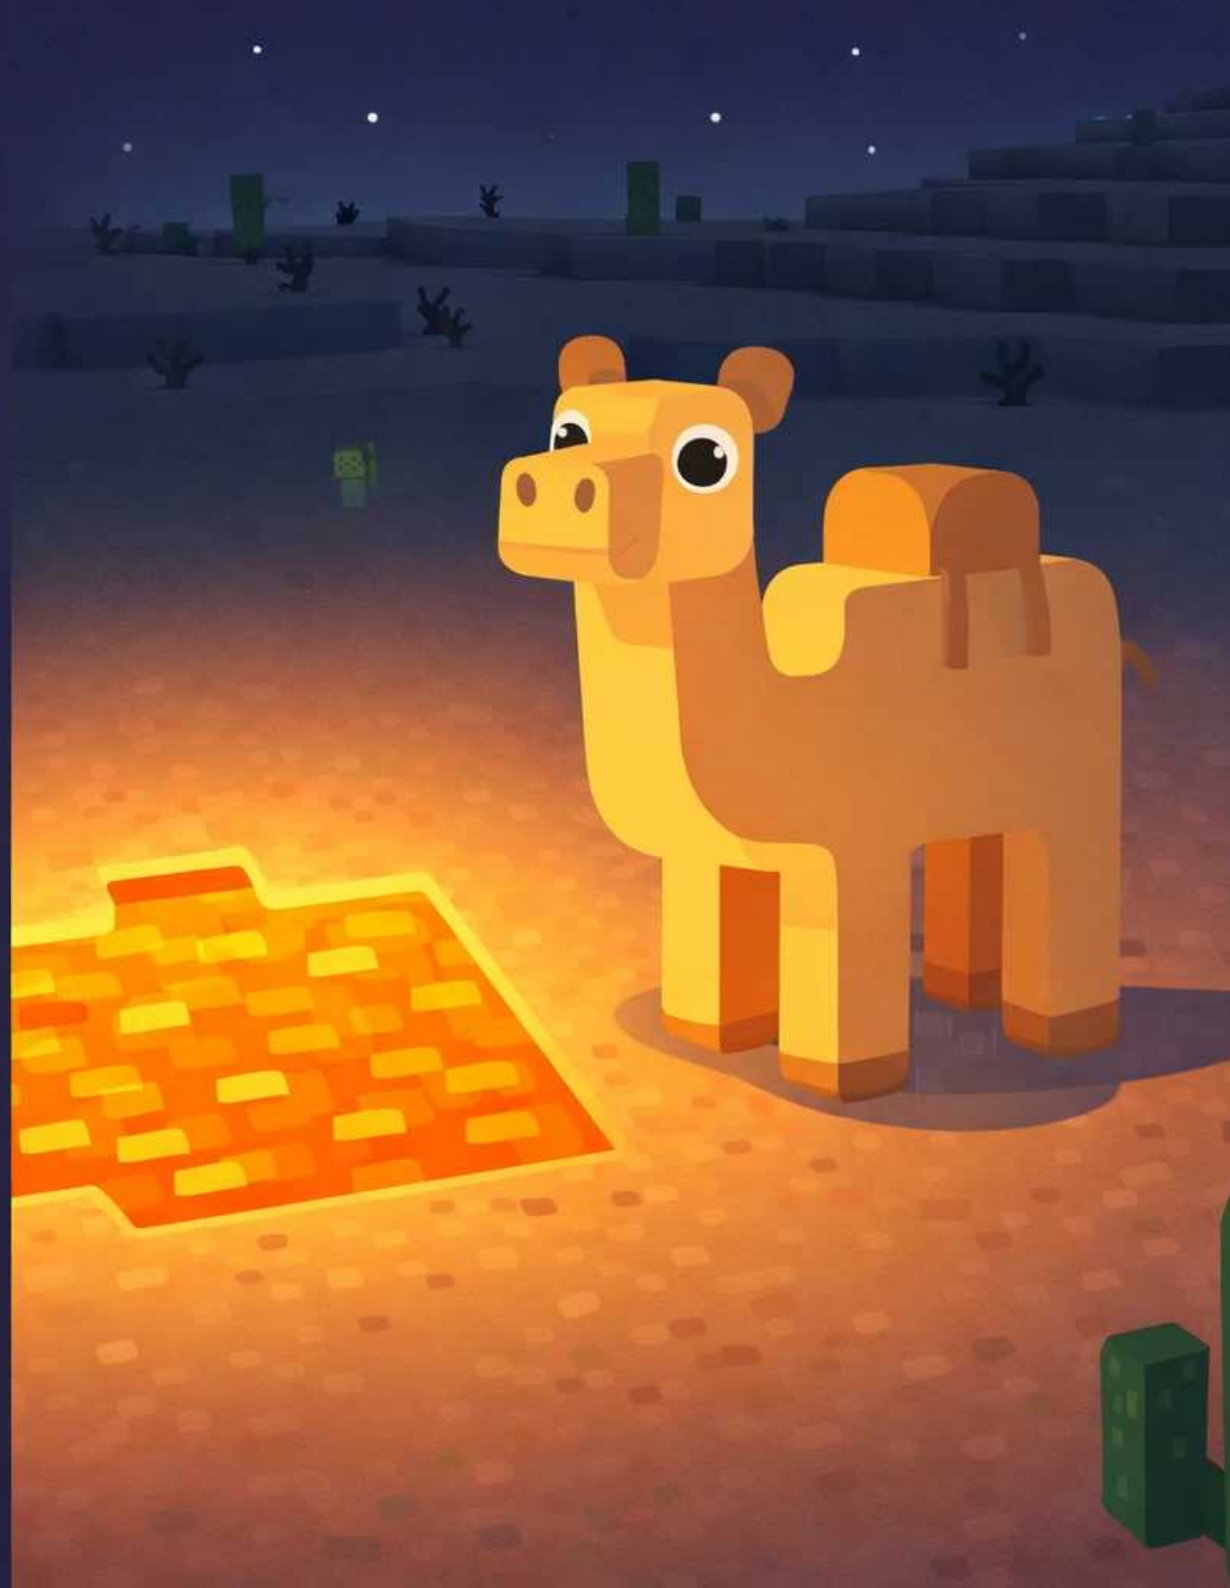

Desert life is
wise. Mobs doze
in the shade of a
tall plant. They sit
still and rest while
the sun shines.

Sand is on all
sides, mile after
mile. It all looks
the same, so you
could get lost.
Take a map
when you go.

The sun sets and
a chill hits the
desert, quick.
Camel stands
close to the hot
rock. The hot rock
shines at dusk, and
the chill **fades**.

The desert hides
fine things. There
is shade by the big
plant, and a pit
with pale stone.
Take time to poke
and probe in the
sand.

Deserts do not
get wet. No drops
fall for a long,
long time. Plants
and mobs save
up water inside.

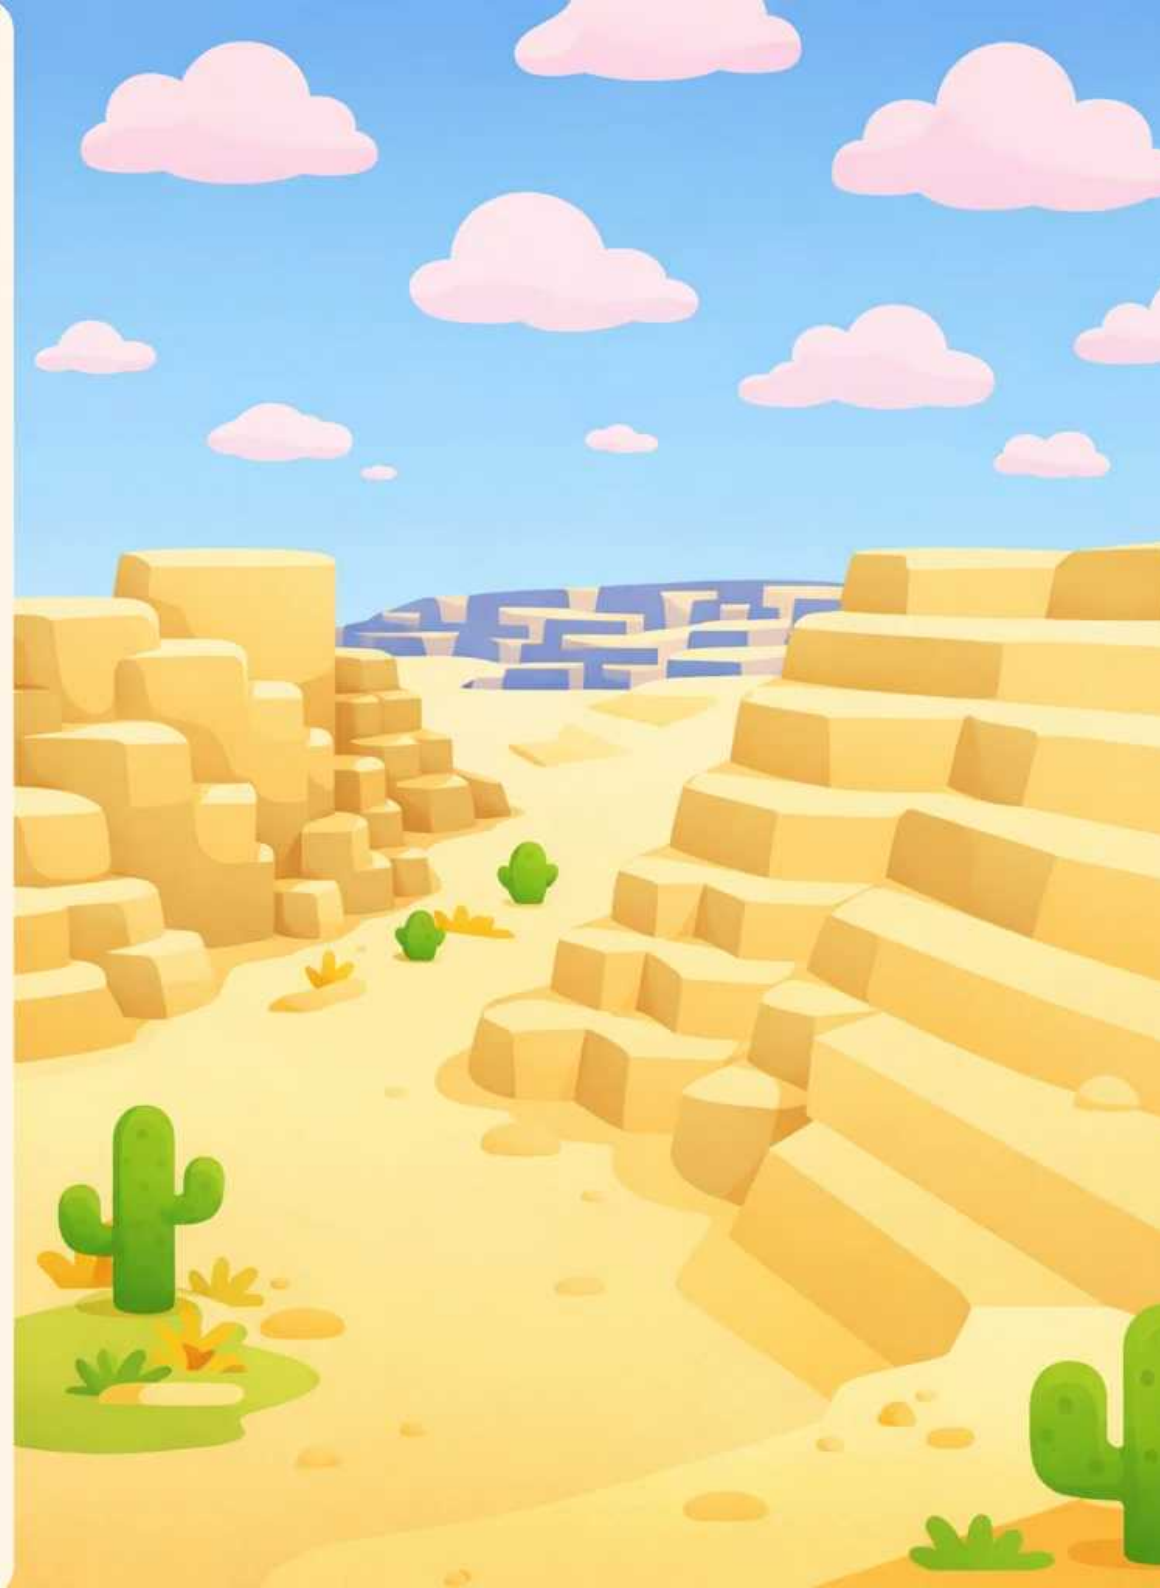

We make homes
in the desert.

The sand homes
have plants
close by. It is a
fine spot to live.

Deserts can get
wide and take up
land. The grass
fades and the
sand slides in. We
can plant big plants
to save the land.

No Shade in the Sand

Out in the desert, the sand stretches on and on with no shade in sight. When the sun blazes overhead, every creature must hide or rest to stay cool and save water. Can a curious explorer find a safe way to survive the scorching heat and make it home? Created to align with the UFLI Foundations scope and sequence (Lesson 59: VCe Review 2 (all)), this book practices words like 'shade', 'hide', 'save', 'time', 'dune'.

Phonics Focus: VCe Review 2 (all)

blazes, close, doze, dune, fade, fades, fine, hide, hides, home, homes, inside, lake, lakes, life, live, make, mile, pale, poke, probe, same, save, shade, shine, shines, side, slide, slides, stone, take, time, while, wide, wise

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
