

No Tracks, No Hints

An Unofficial Minecraft Book

Zom has a
pumpkin patch.
He tends his
crop and pats
it. What luck!

The crop is
big, big, big.
Zom will **pick**
a lot and
stack up
snacks.

Heck! A
pumpkin is
lost, and
Zom can't
spot a track.

Skel and Zom
hunt for a
track. Bones
sniffs and
sniffs, but no
luck.

Zom is back,
but a lot of
the crop is
lost. Zom is
so mad!

Zom and Skel
stand at the
lamp. Zom has
a plan. He will
pick a spot, sit
up, and not nap.

Zom sits still
in the patch.

Tick, tick. But
at last, Zom
naps.

Zom is up
fast. Just a
pumpkin is
left! What
bad luck!

Skel sits at
the last
pumpkin, and
Zom stands.
No **trick** can
get it!

The pumpkin
spins and
kicks up the
bed! Crack!
Bones yips
and yips.

Pop! Up it jumps, and
it has legs! It is Jack,
and he has a big grin.

Zom and Skel
grin at Jack.
What luck, a
pal is the
best crop of
all!

No Tracks, No Hints

Zom's pumpkin patch has never been so full, until one morning a pumpkin simply vanishes without a single track or clue. More go missing each night, no matter how hard Zom and Skel watch, so they hatch a bold plan to catch the thief once and for all. Will they finally spot the trick before another pumpkin disappears? Created to align with the UFLI Foundations scope and sequence (Lesson 44: ck /k/), this book practices words like 'pick', 'track', 'crack', 'trick', 'luck'.

Phonics Focus: ck /k/

back, crack, heck, jack, kicks, luck, pick, snacks, stack, tick, track, trick

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
