

AN UNOFFICIAL MINECRAFT SERIES

DR. CAN DO

NOT AGAIN,
DR. CAN DO!

AN UNOFFICIAL MINECRAFT BOOK

Dr. Can Do stands
in his lab. What a
mess! Junk is in
piles, wall to wall.
'I pledge to fix this
mess,' he says. 'I
pledge to fix it all!'

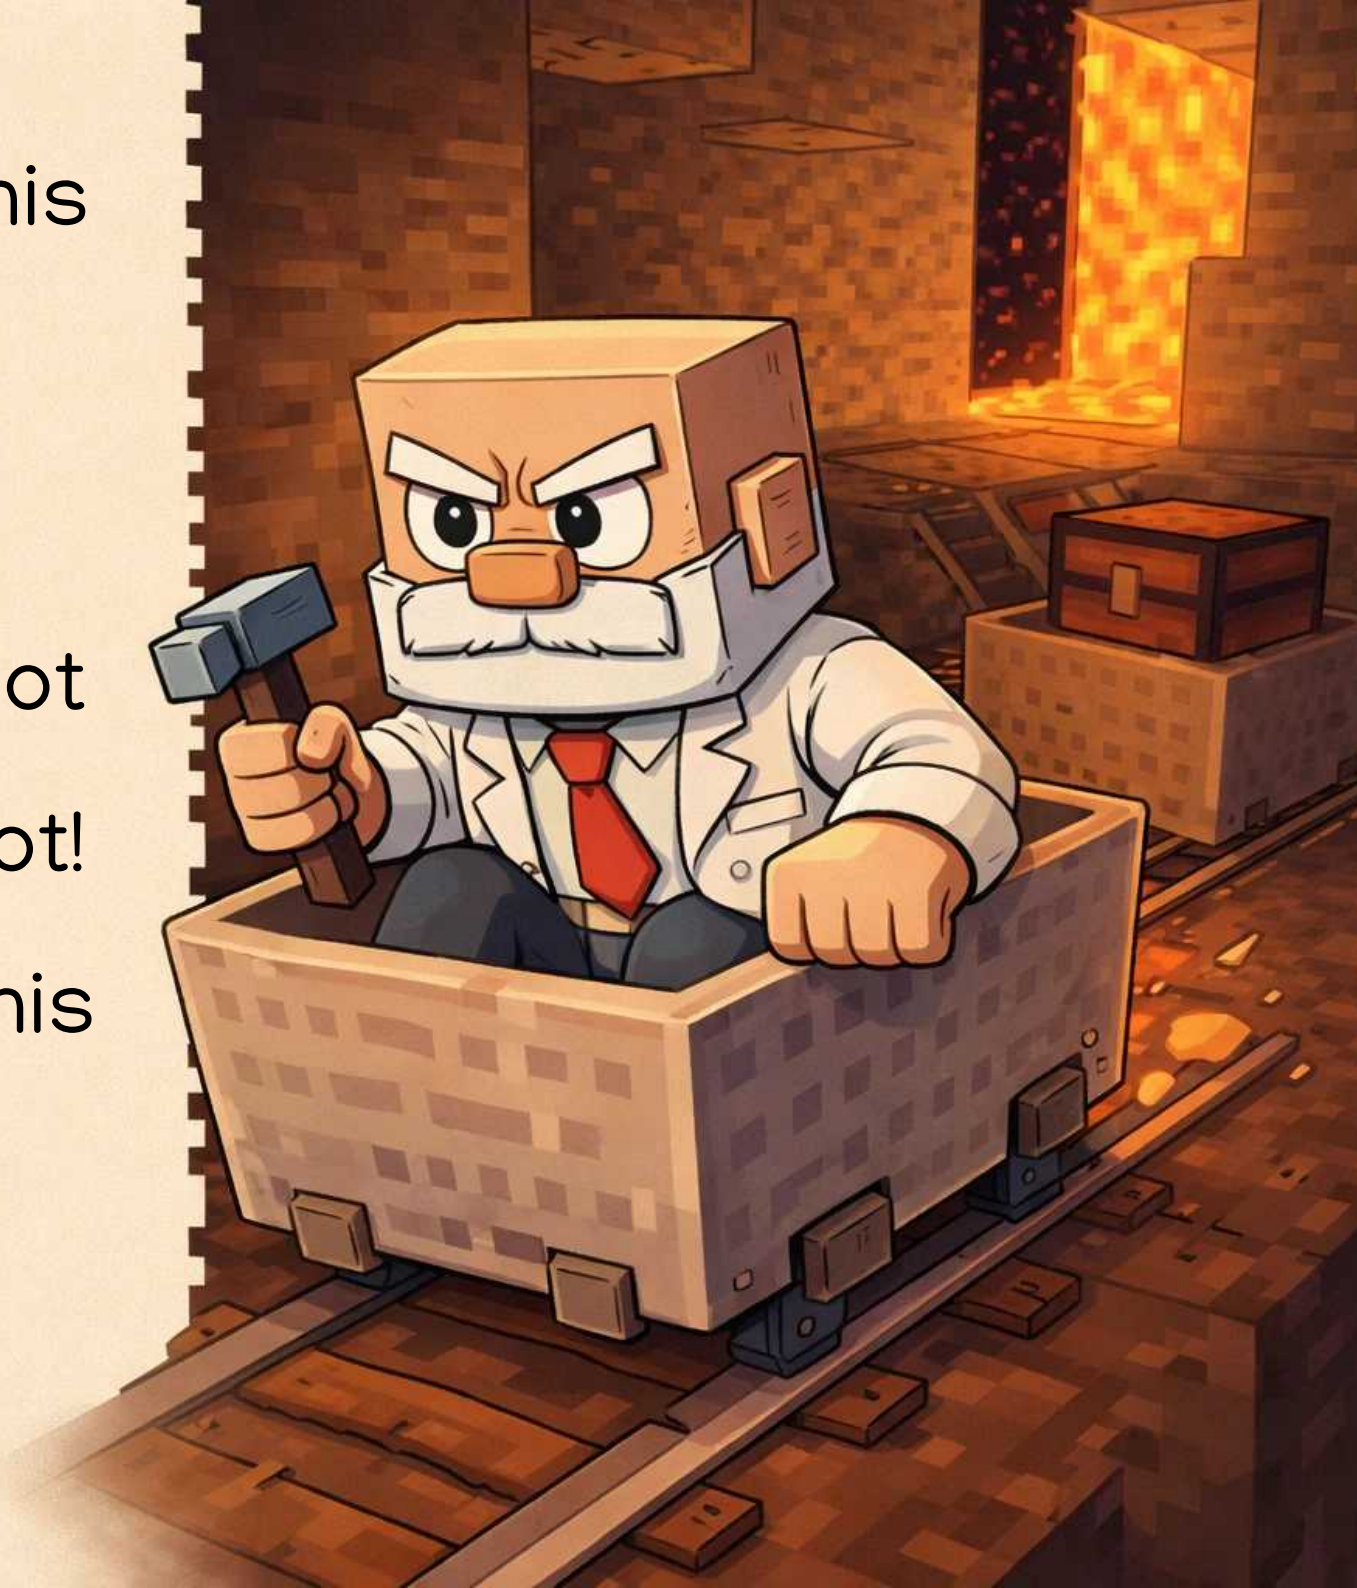

He packs the junk in
batches. He crams
it all into the chests.
He shuts the last
latch with a click.
The lab looks fresh
and nice. 'Well, well!'
he says with a grin.

But look at all this stone! Piles and piles of stone fill the racks. He makes a face. His lip twitches. 'This stone must go,' he says. 'But where?'

Dr. Can Do rides his
minecart on the
track. He pitches
the stone into a hot
lava pit. It is so hot!
'I will not ride to this
pit,' he says. 'Not
me! I have a plan.'

Back in his lab, he sketches his big plan. He looks at the redstone and grins. 'A chest, redstone, and a pit of lava!' he says. 'It will toss my junk into the lava for me!'

He makes it fast. He sets the redstone in a line. Then he wedges thick black blocks on the lava pit. It is safe and solid. No one will fall in!

Dr. Can Do looks at his lab. Space, space, space! 'No minecart rides for me! This is topnotch!' he says with a big grin. 'I am the best!'

But then the mess is back! Red dust and rocks fill the lab. He looks glum. 'No! Not this!' he says. 'I must **fetch** help to fix this mess.'

Not Again, Dr. Can Do!

Dr. Can Do finally tidies his messy workshop, but now it's overflowing with piles of stone and deepslate! He hates riding his minecart to the lava pit, so he pledges to build a machine to do the dirty work for him. Could his brilliant new invention keep the mess away for good? Created to align with the UFLI Foundations scope and sequence (Lesson 71: tch /ch/, dge /j/ Review), this book practices words like 'fetch', 'latch', 'pitches', 'wedges', 'topnotch'.

Phonics Focus: tch, dge Review

batches, fetch, latch, pitches, pledge, sketches, topnotch, twitches, wedges

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
