

AN UNOFFICIAL MINECRAFT CHAPTER BOOK | PART 1

THE CURSED EMERALD

PART

1

Chink, chink! I dig
in the dim cave.

Then a jade
flash! An emerald
shines in the
wall. I gaze at it.

Hiss! A mob! Bang!

The blast makes
the cave shake.

I look at the
emerald. A jade
flame is lit in it.

I blink. I am not in
the **cave**. I am on
grass, in the dark.

I check my kit. It
is **fine**. The
emerald still
shines.

Twang! A bone
man takes a shot
at me. I swing my
blade. Smash! A
small lit ball rises
from the grass.

A big bug is at
my back. A **bone**
man, and a small
mob on a hen!

I do not **like** this. I
run fast. Cluck,
cluck, cluck!

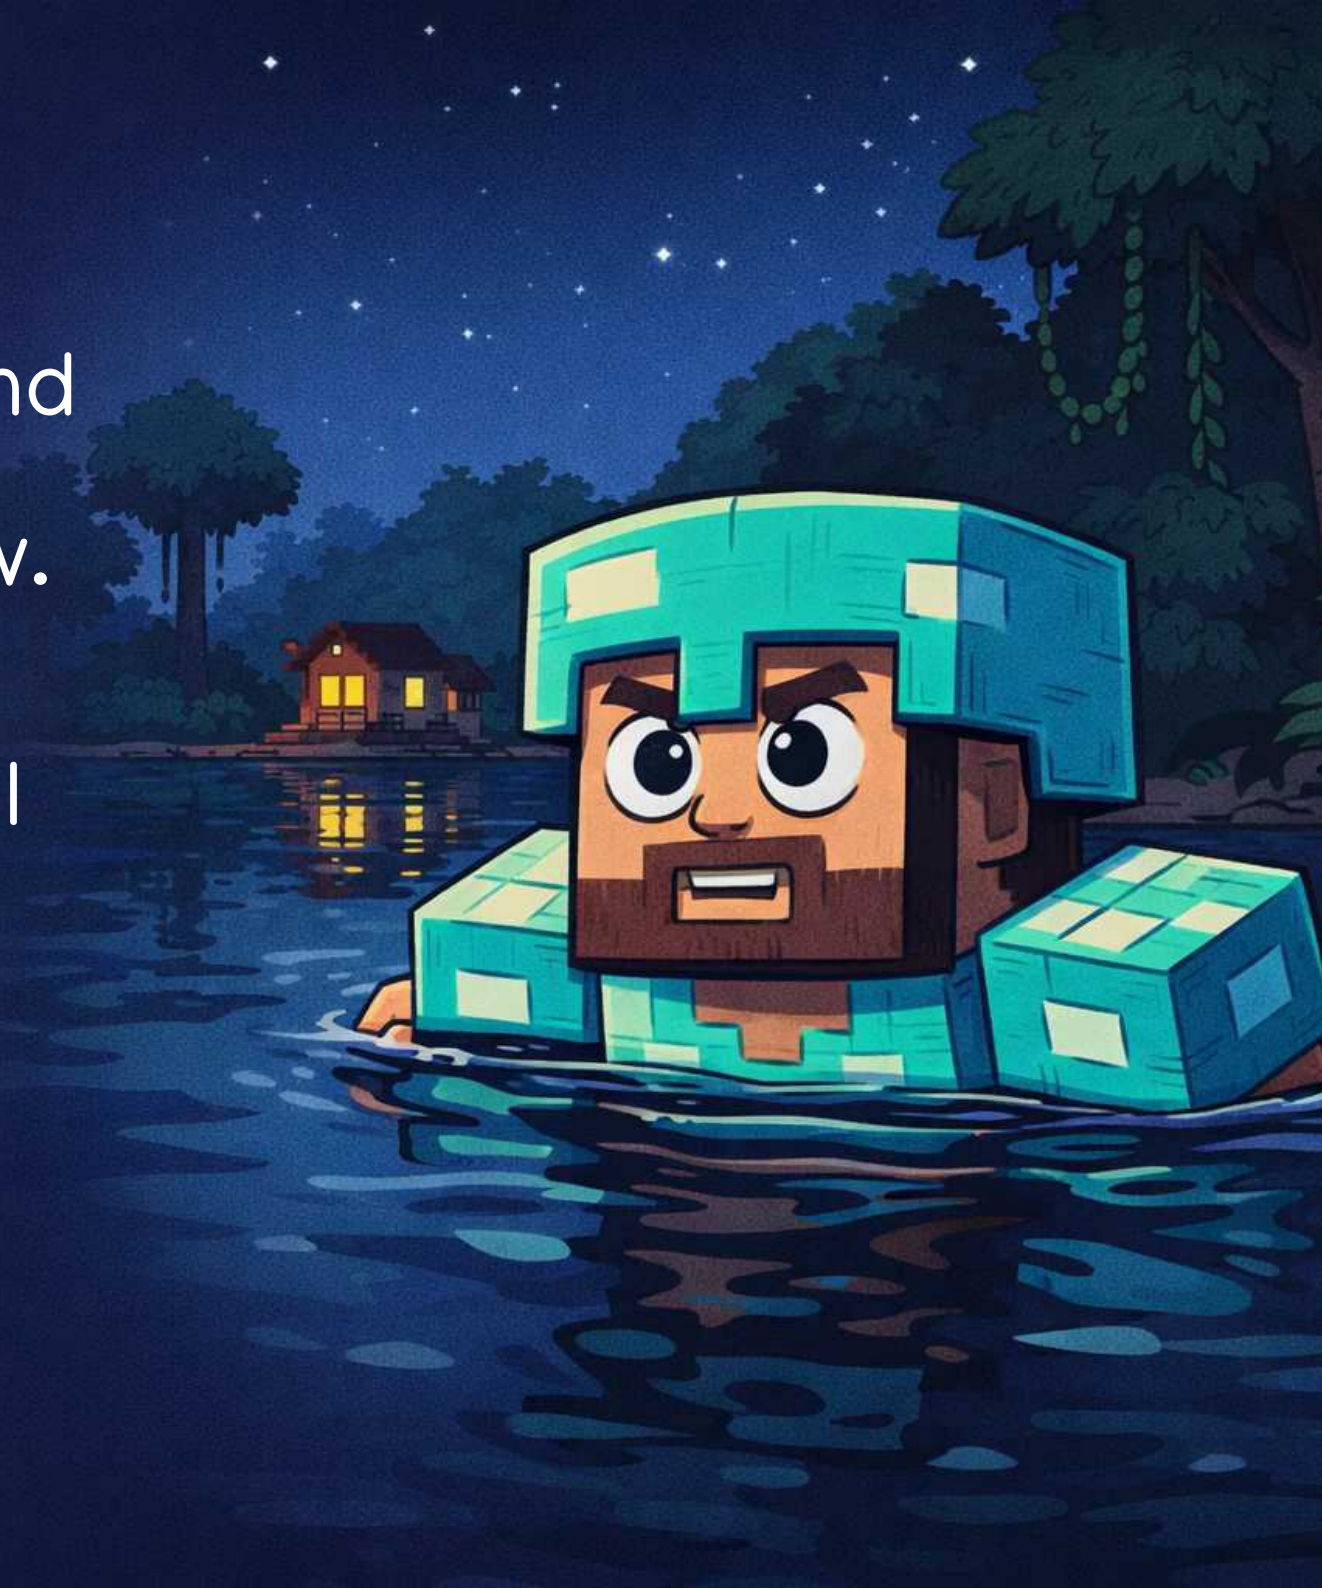

I jump in and
swim. The mob
stands on the
land. It can not
swim fast.

I **glide** off in the
tide. I am **safe**.

I swim a **mile**. The
plants are thick and
the **vines** hang low.

Then I see a small
home. I **hope** it is
safe. I swim fast
to it.

I wake up. The sun
shines in. The
emerald is still lit,
with a small jade
flame in it.

I smile. I like this
emerald. 'Where to
next?' I ask.

The Cursed Emerald Part 1

Deep in the mine, a jade flash catches a miner's eye: an emerald glowing with a strange flame inside it. One touch sends everything spinning, and suddenly the cave is gone, swapped for grass, stars, and a wooden sign in the middle of nowhere. Bones rattle, arrows fly, and something is definitely riding a chicken. What is this glowing emerald really trying to show, and where will it take the miner next? Created to align with the UFLI Foundations scope and sequence (Lesson 59: VCe Review 2 (all)), this book practices words like 'shine', 'flame', 'gaze', 'bone', 'safe'.

Phonics Focus: VCe Review 2 (all)

blade, bone, cave, fine, flame, gaze, glide, home, hope, jade, like, make, makes, mile, rise, rises, safe, shake, shine, shines, smile, take, takes, tide, vine, vines, wake

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
