

The Loom Taps On

Mama sits at
the loom and
sings.

Tap, tap! Kim
is not up yet.

Mama sits and
sings a soft
song.

Yes, Kim can
nap on the rug.

Tap, tap, tap!

Kim is up.

She is mad
and yanks the
blanket up.

TAP TAP
TAP

Tap, tap, tap!

Kim steps out
to get it.

It taps on, but
Kim can not
see it yet.

Kim peeks in.

A loom!

Tap, tap!

Yes, it is the
loom.

Kim sits and
pats the loom.

It spins string,
red and green,
and Kim yelps!

Yip! The loom
lifts up, up, up
in the wind.

Hang on, Kim! A
gecko hangs on
too.

A big pink bird
zooms up as the
song rings out.

Kim grins a big
grin. Yep, it is
fun!

The loom tips
and drops. Plop!

Kim yelps and
sinks in the
deep, and the
gecko is upset.

Kim pops up in
the foam! Fish
spin and hop,
and she grins.
Yup, she is wet,
and it is fun!

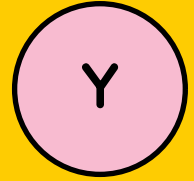

Up, up! Blooms
and zigzags
spin and pop,
and Kim grins.
Yes, yes, yes!

Kim blinks. She is back on
the rug!

Mama sings, and Kim grins.
Yep, it is a grand nap.

The Loom Taps On

Kim just wants her mother to teach her to weave, but the answer is always "tomorrow, not today." Then a strange tapping noise leads her to a dusty old loom that starts spinning threads all on its own. What happens when Kim dares to sit down and touch it? Written for Jolly Phonics classrooms (Group 6: y /y/), this book practices words like 'yelps', 'yanks', 'yep', 'yup'.

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
