

The Plants Will Not Stop

Vines twist on the land,
thick and lush. A bug
rests on a flat plant bit.

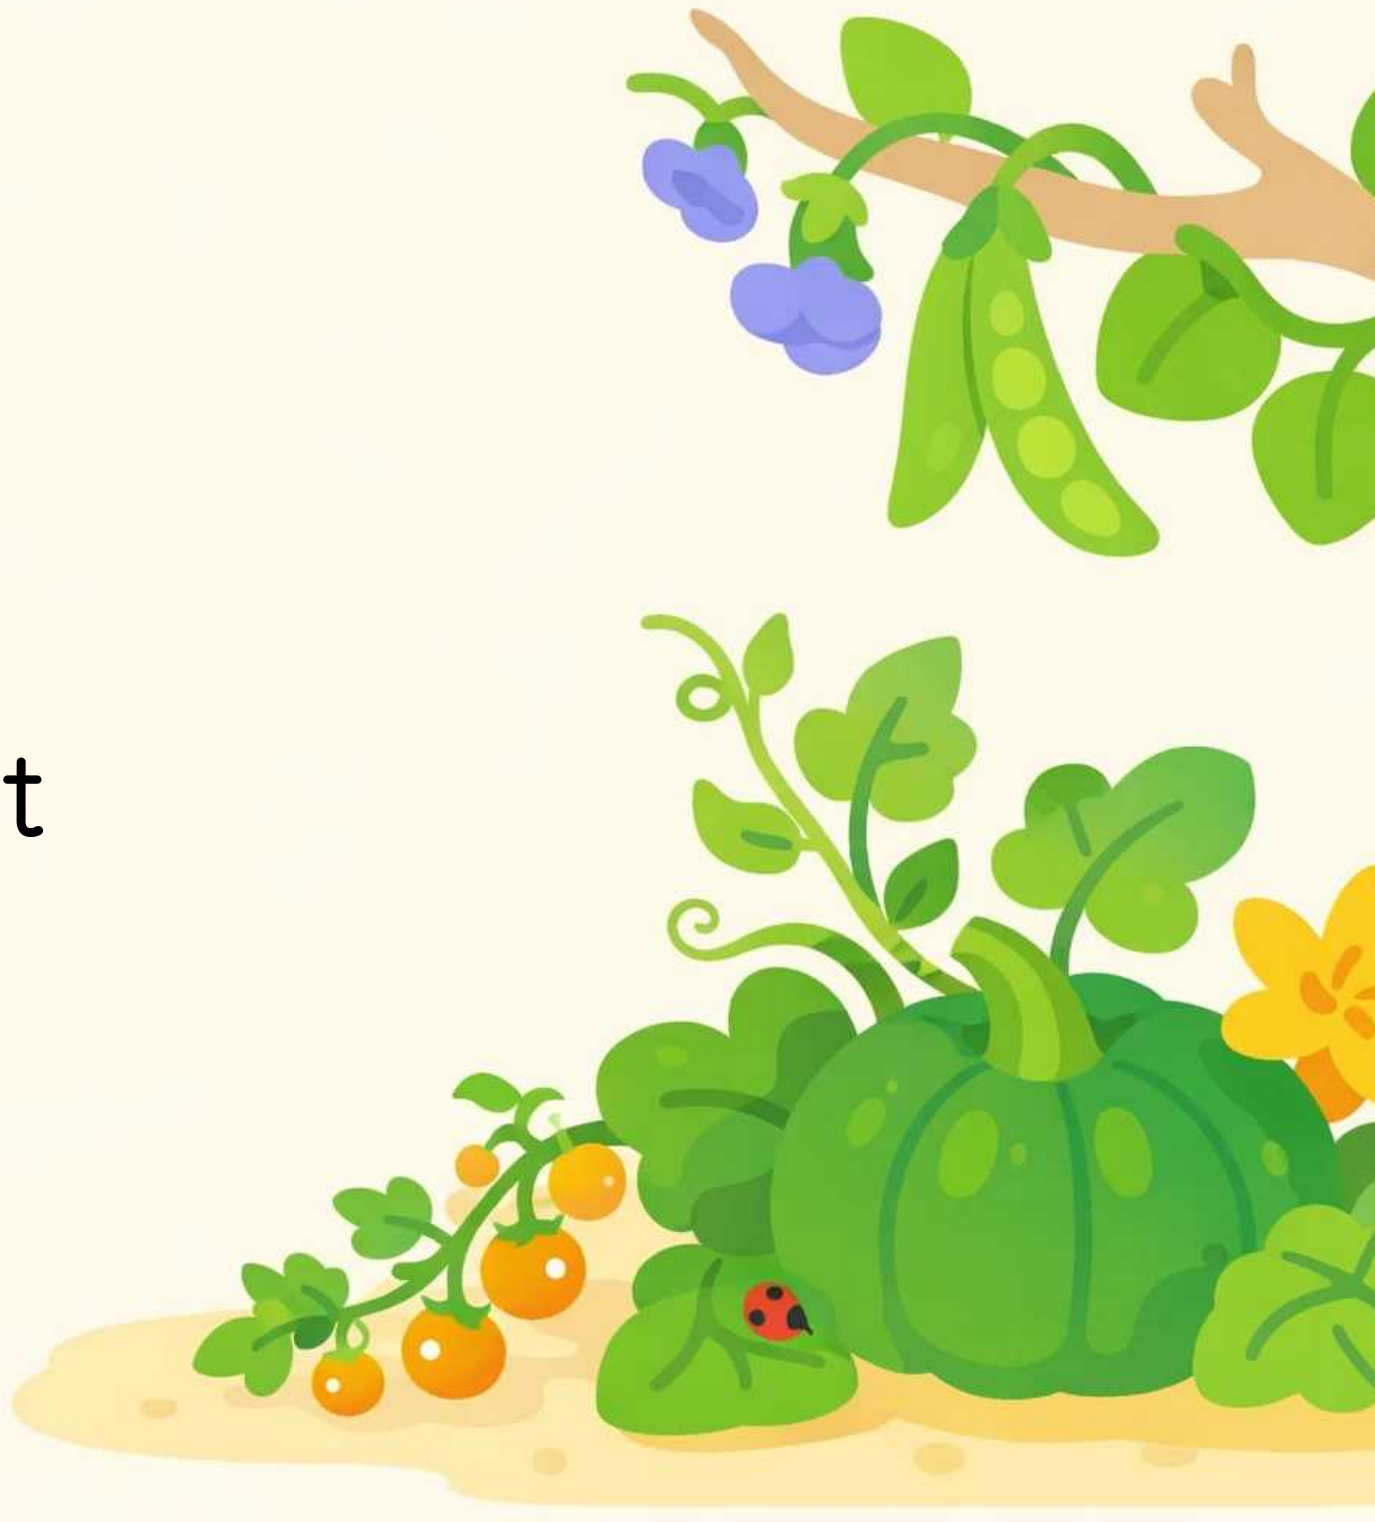

Vines can
go up tall
plants. A
thin bug is
on the stem.

Flowers pop
up on this
thick vine.

Then the fruit
gets big and
plump.

The vines
are thugs!
They fill up
a shed and
do not stop.

Thick vines
fill up the tall
plants. A
plant gets
thin and limp.

This vine grips
with thin stems.
The thin stems
twist and clasp
the sticks.

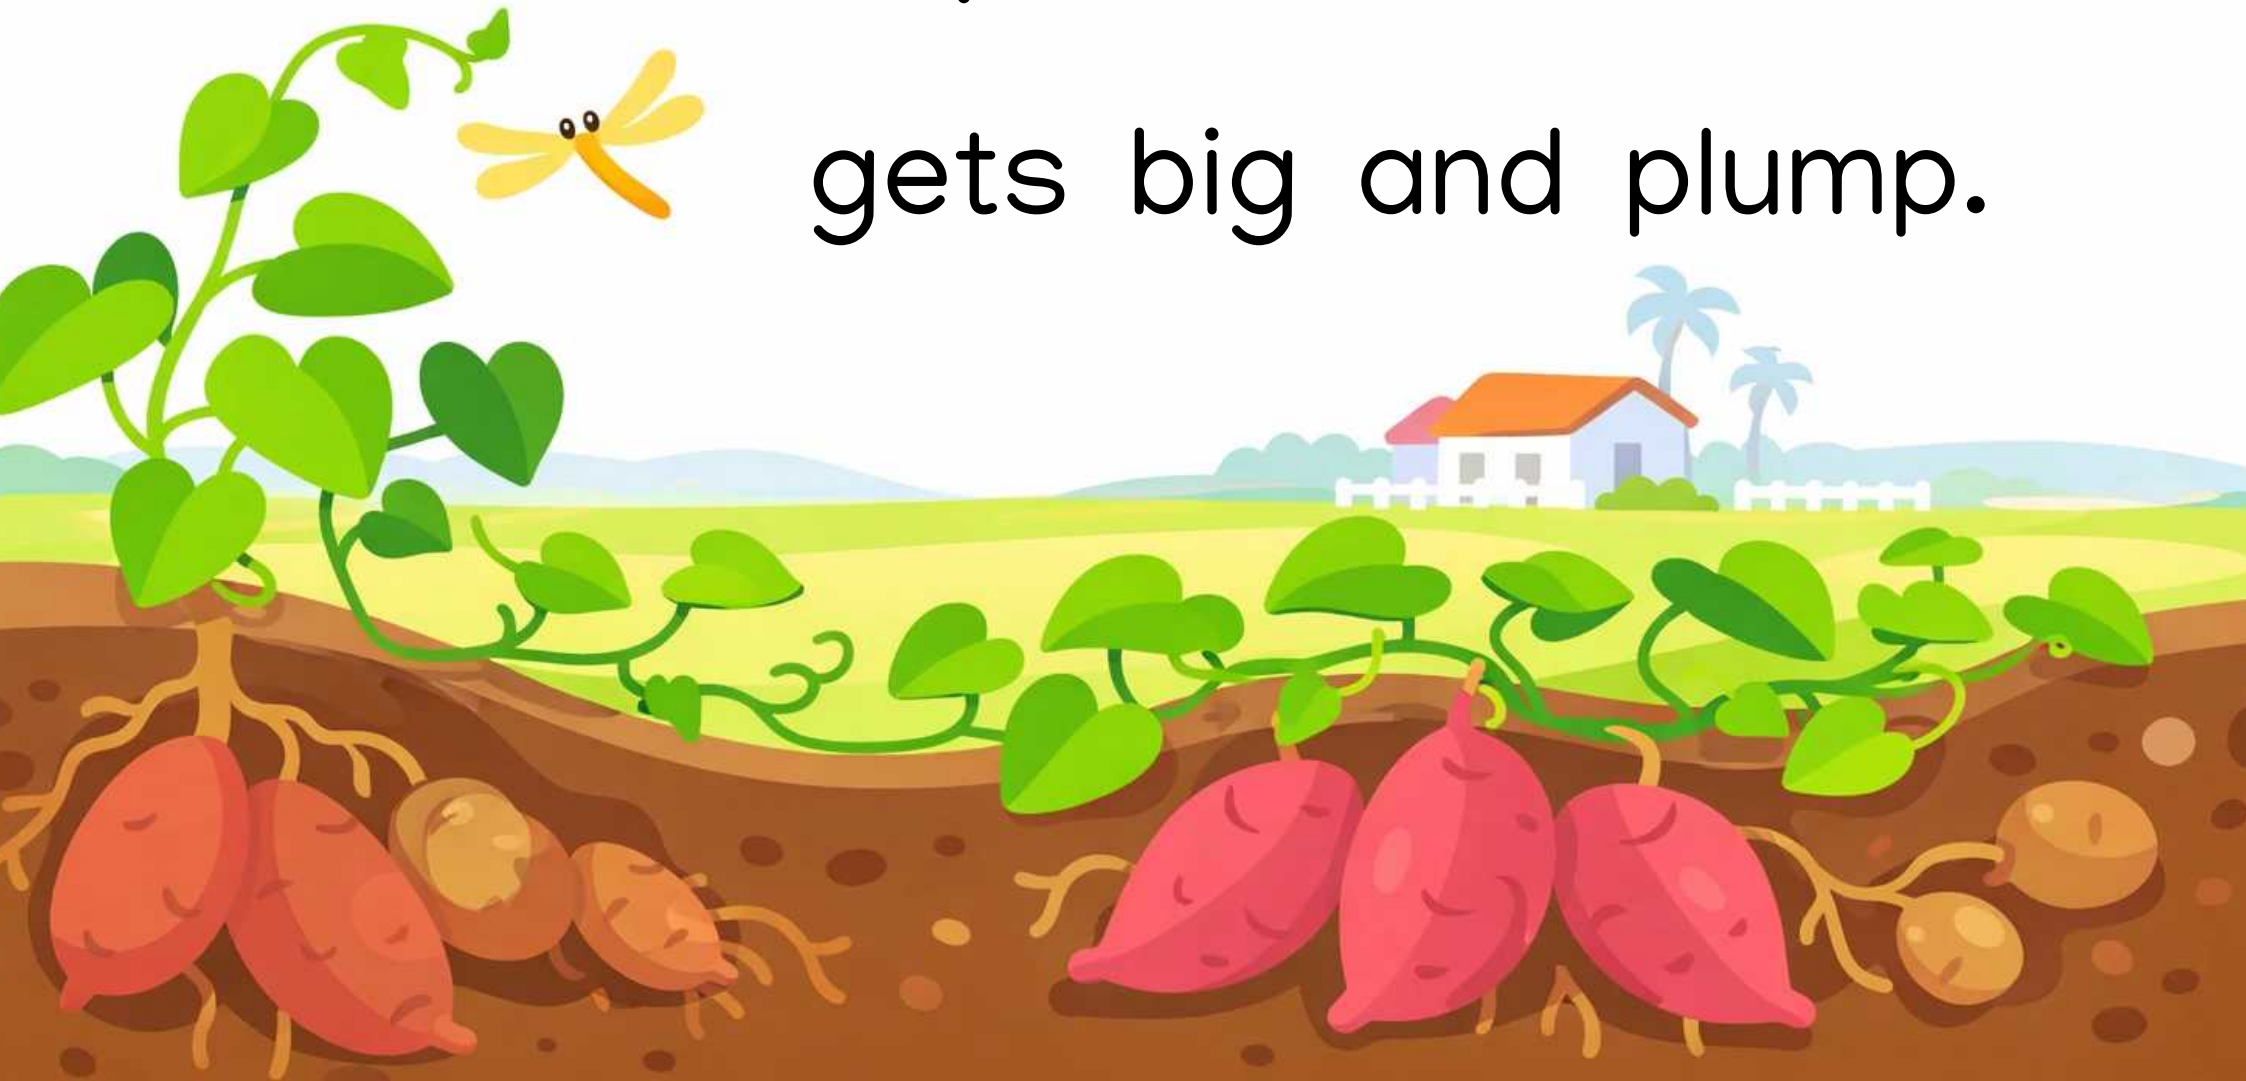

The vine splits,
and it twists
up and up. Kids
sit at the split.
What a thrill!

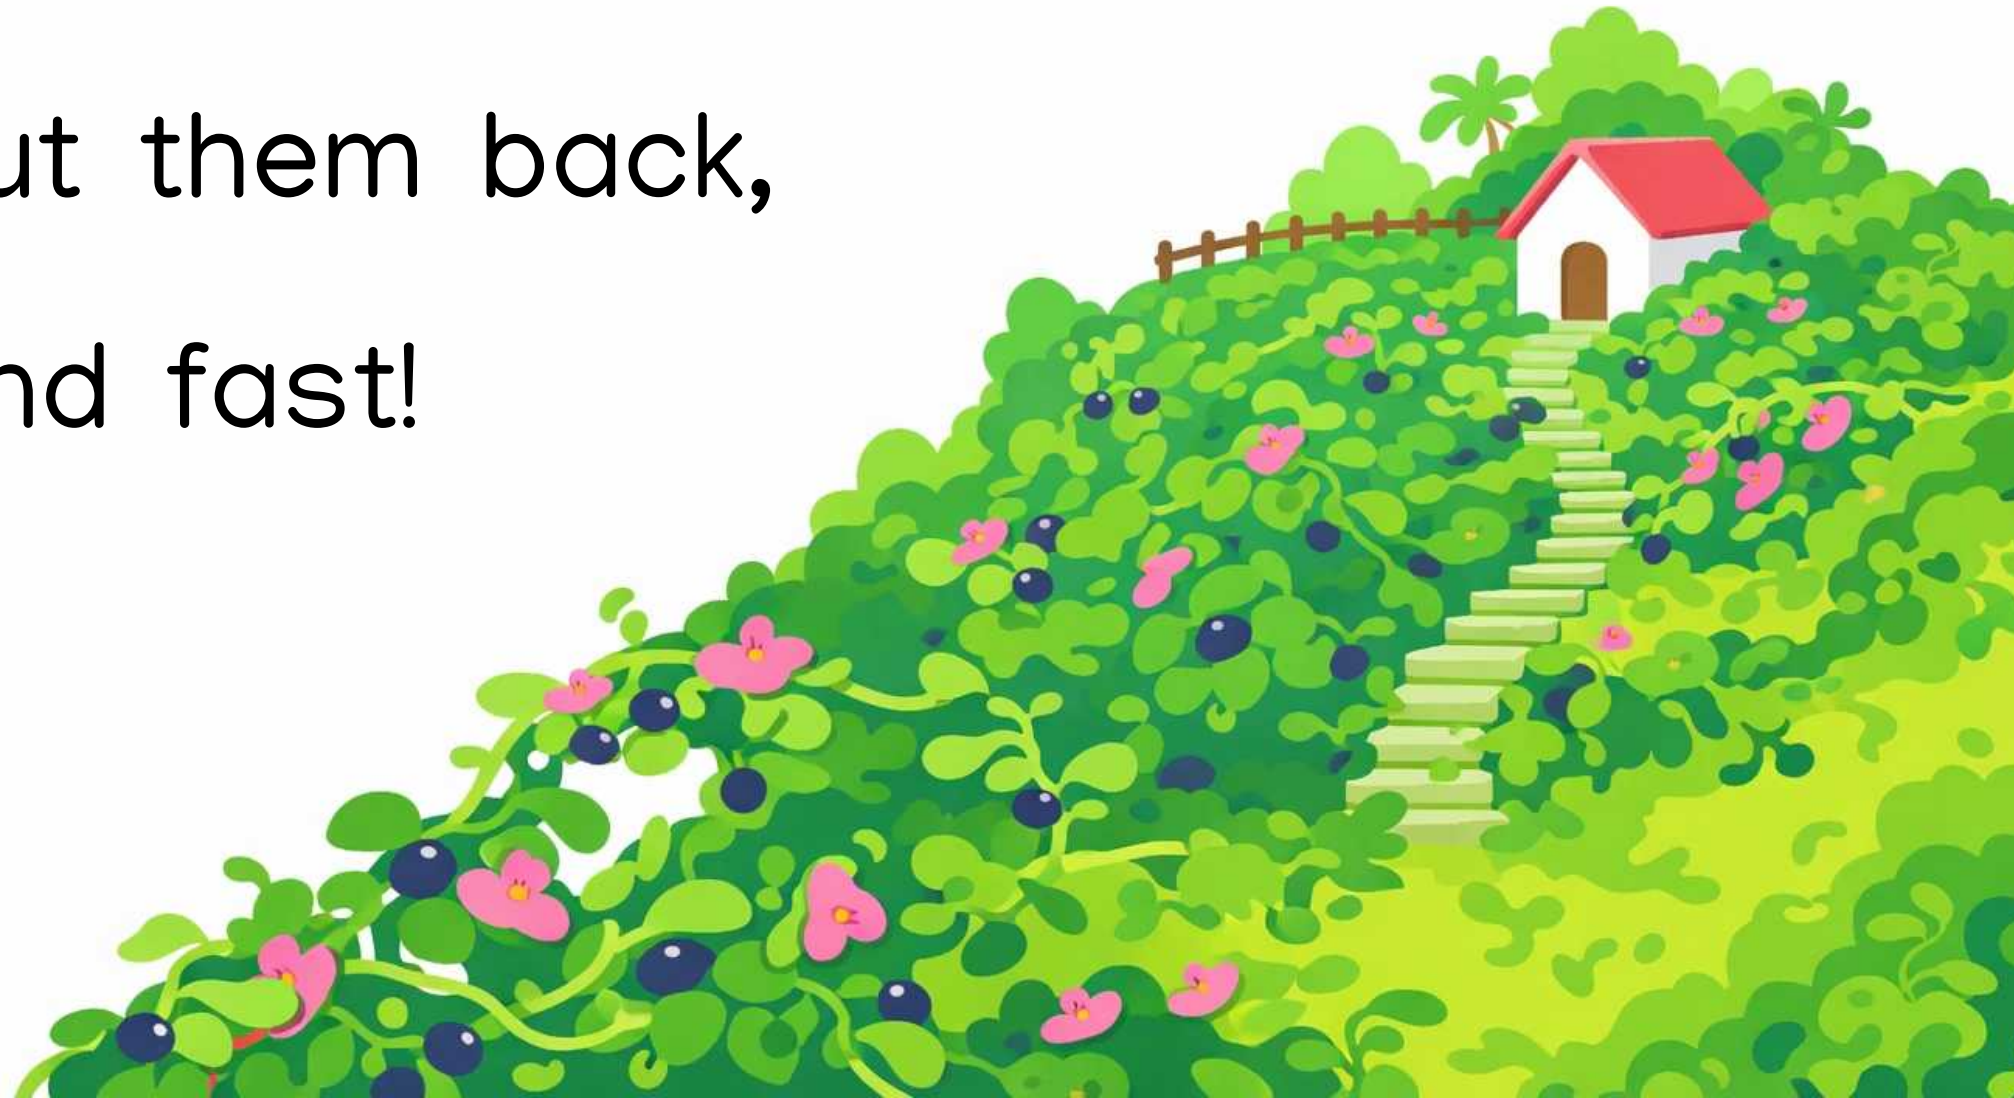

A path splits
the crop
plot. Big
plump fruit
rests on the
land.

This crop is in the
depths of the land. It
gets big and plump.

Thick vines fill up
this hill. We must
cut them back,
and fast!

Look at all the
pics of vines!
Thick vines,
thin vines, a
lot of vines to
spot.

The Plants Will Not Stop

Vines don't just grow, they take over. Thick stems creep across the ground, climb trees, and squeeze into every gap they can find. Can anything stop them before they swallow the whole yard? Created to align with the UFLI Foundations scope and sequence (Lesson 47: Unvoiced th /th/), this book practices words like 'thick', 'thin', 'path', 'thugs', 'thrill'.

Phonics Focus: Unvoiced th /th/

depths, path, thick, thin, thrill, thugs

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
