

Thick Forests, Tricky Mobs

This is forest land.
It is **thick** with big
green trees.

The tree tops **block**
out the sun. The
land under them is
cool and dim.

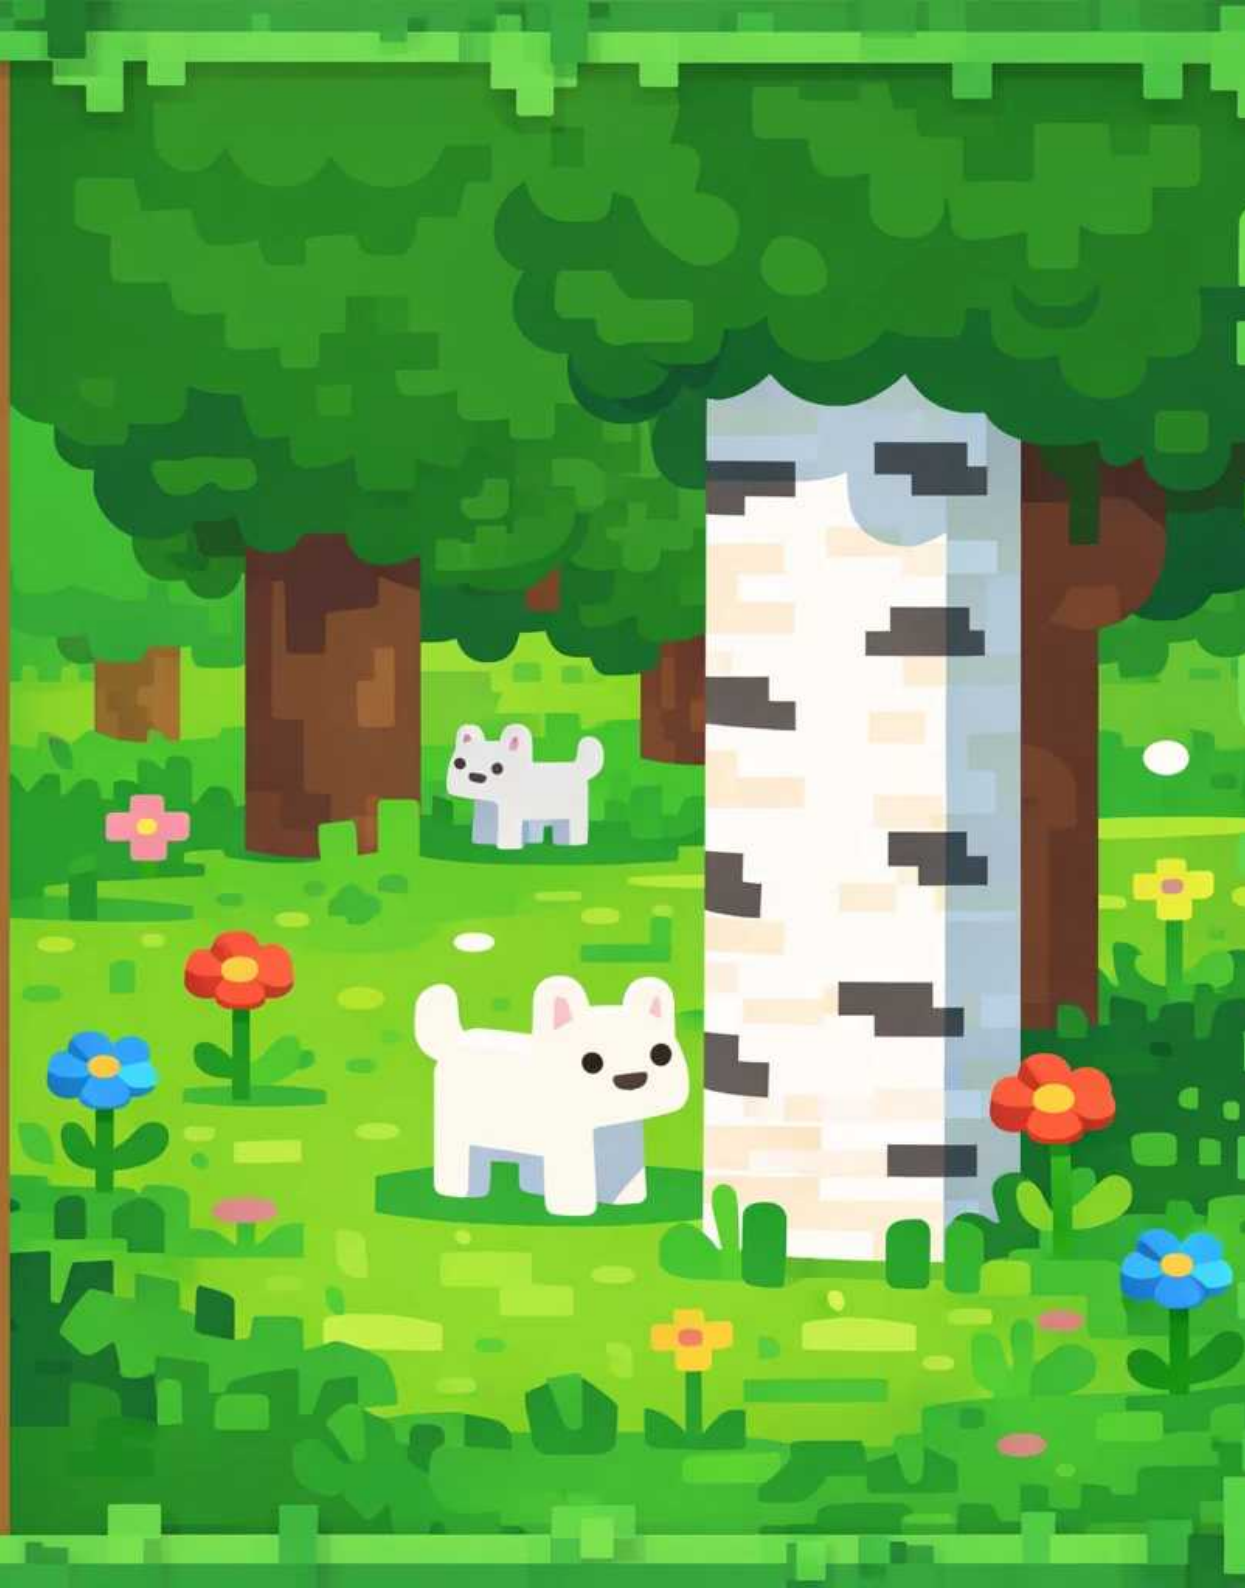

Wood comes
from trees. We
chop a tree and
stack up the logs.
With wood we
can craft tools, a
bed, or a hut.

The Minecraft character **checks** the path. It is hard to see far in the **thick** trees. A mob can wait in the dark. She must look out.

This forest land
is rich in blooms.
See the black
flecks on the
tree trunks.
Chicks peck at
the land.

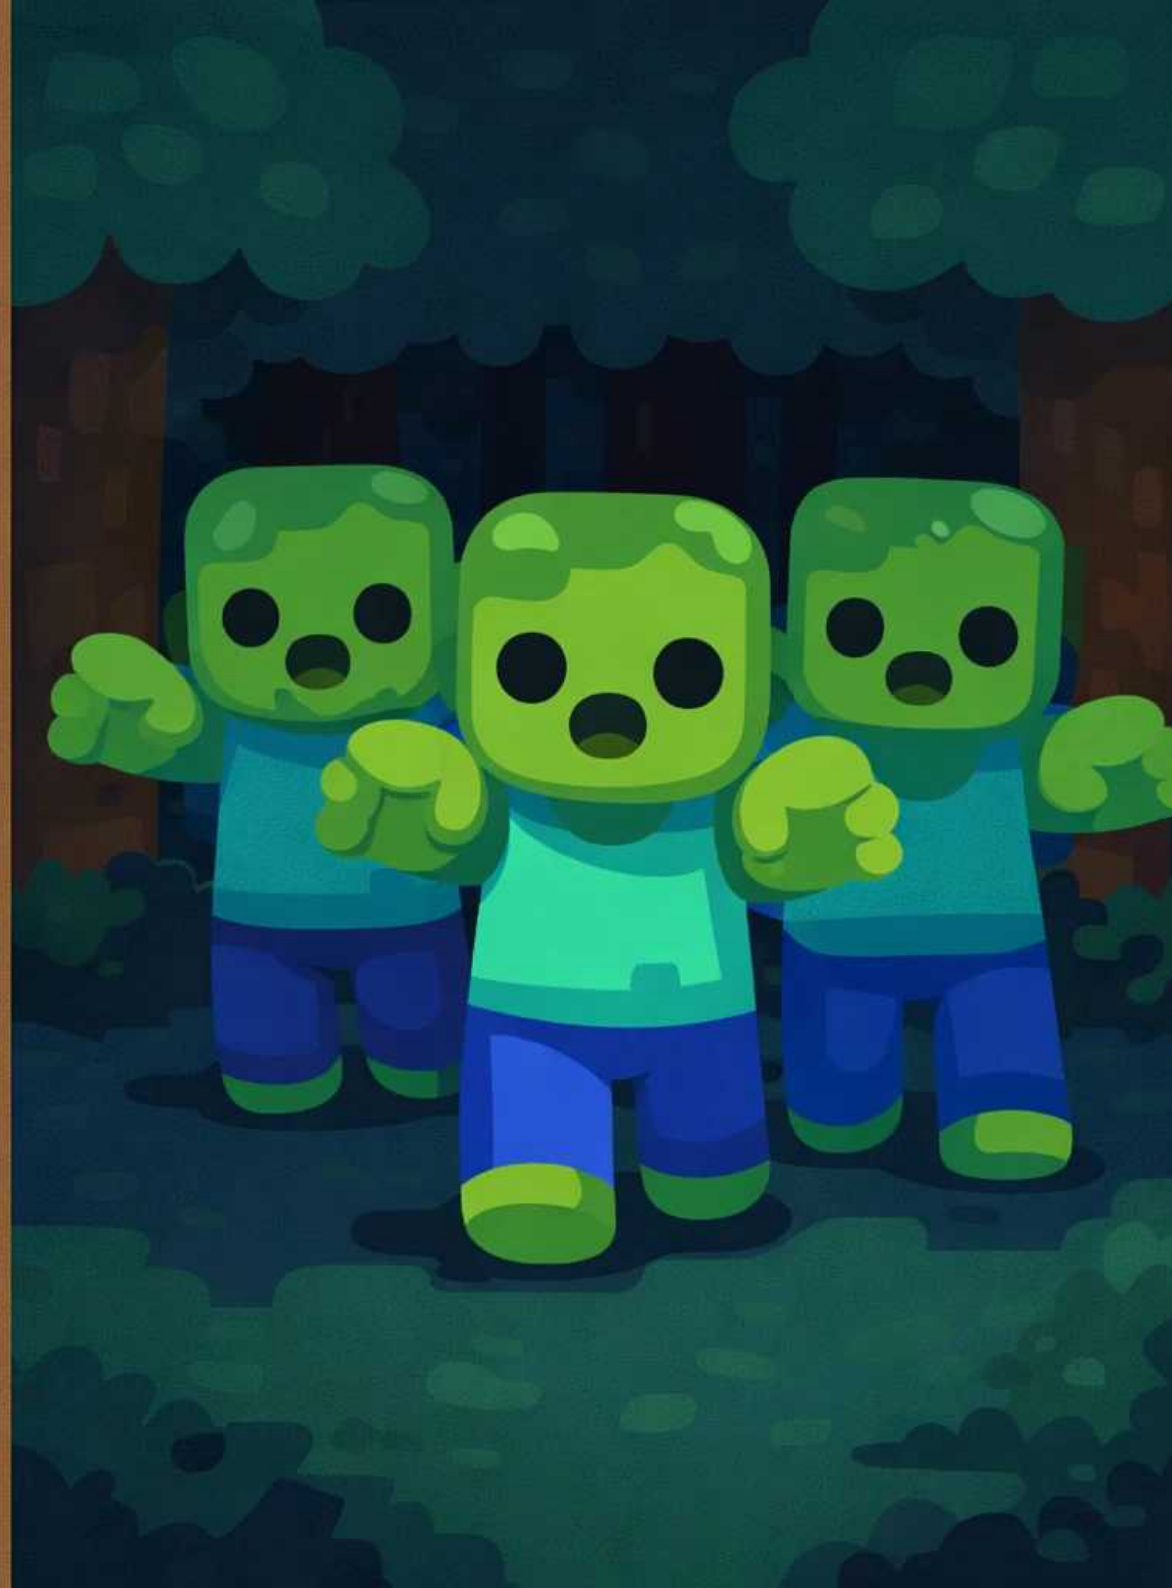

Dark oak trees
get big and thick.
The tree tops
block out the sun.

The dark wood is
good for a grand
hut.

In this forest the
land is dark, and
mobs come out
in the dark. Look,
mobs! Such bad
luck. Run **back**
fast!

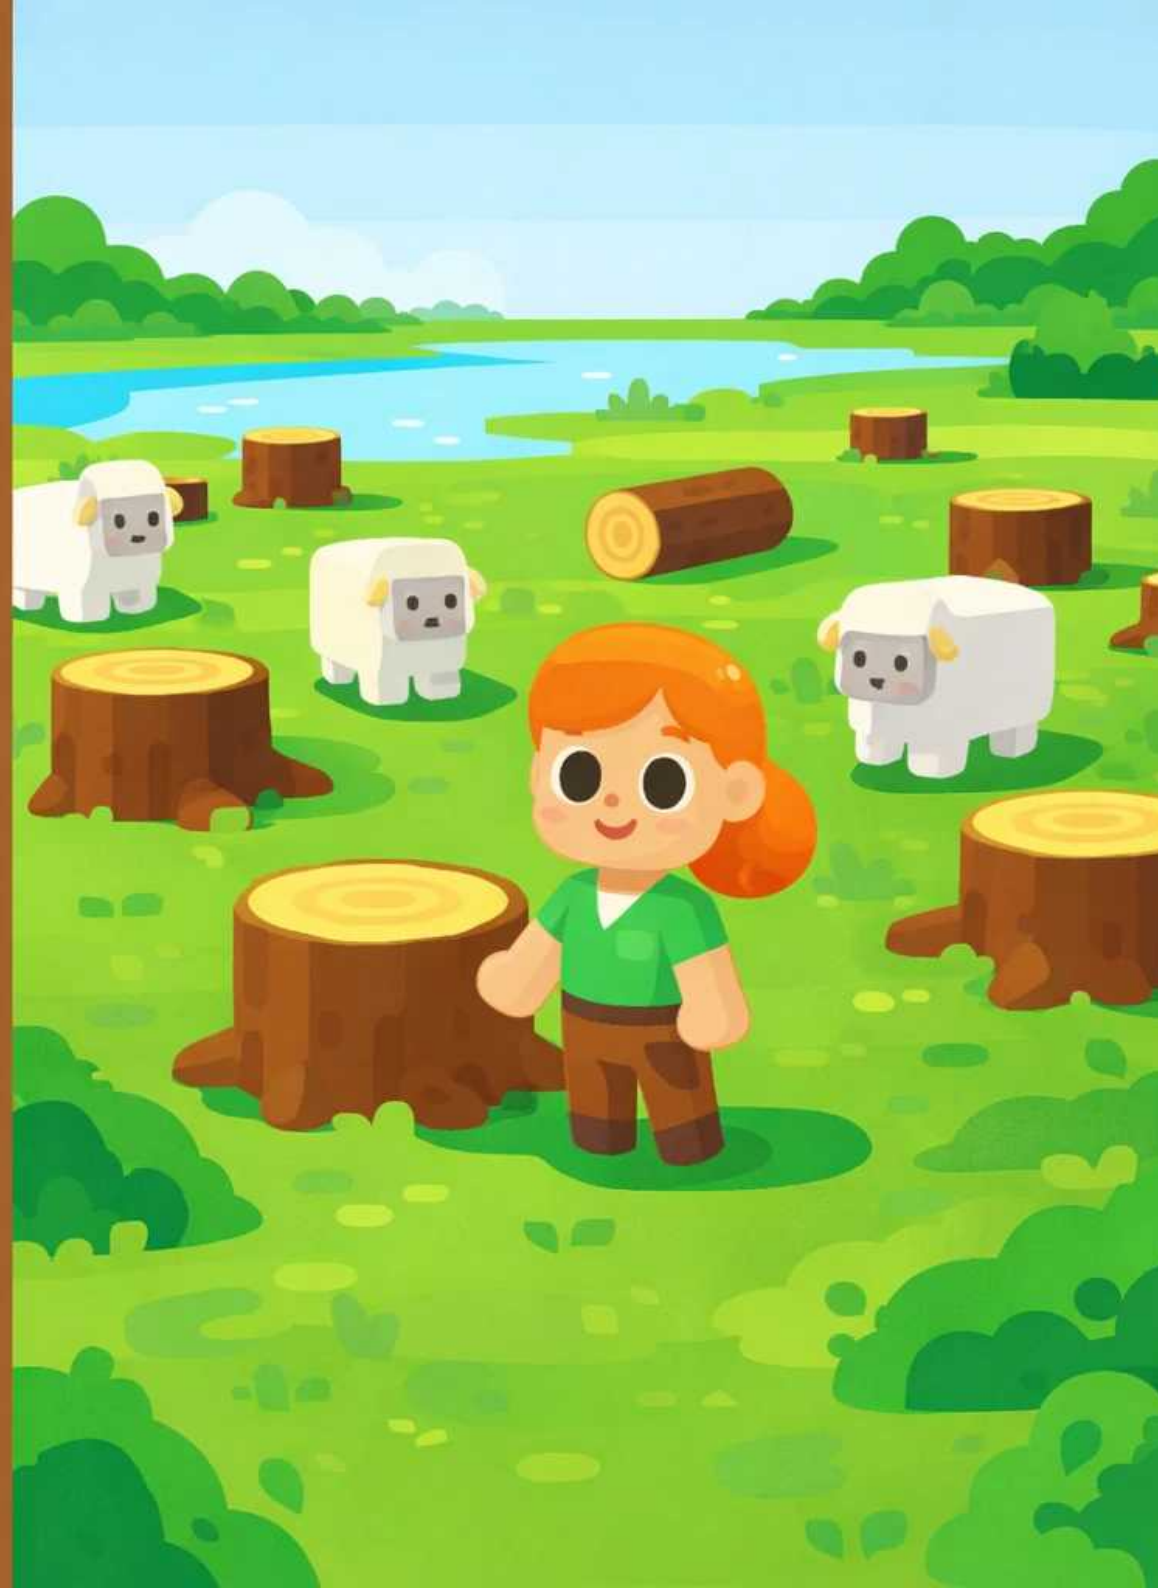

The forest land is
rich. You can pick
blooms and
mushrooms here.

Pack a sack and
get a good
stock.

But if we **hack** all
the trees, just
stumps are left.
The land is flat
and sad. The
flock lacks
shelter.

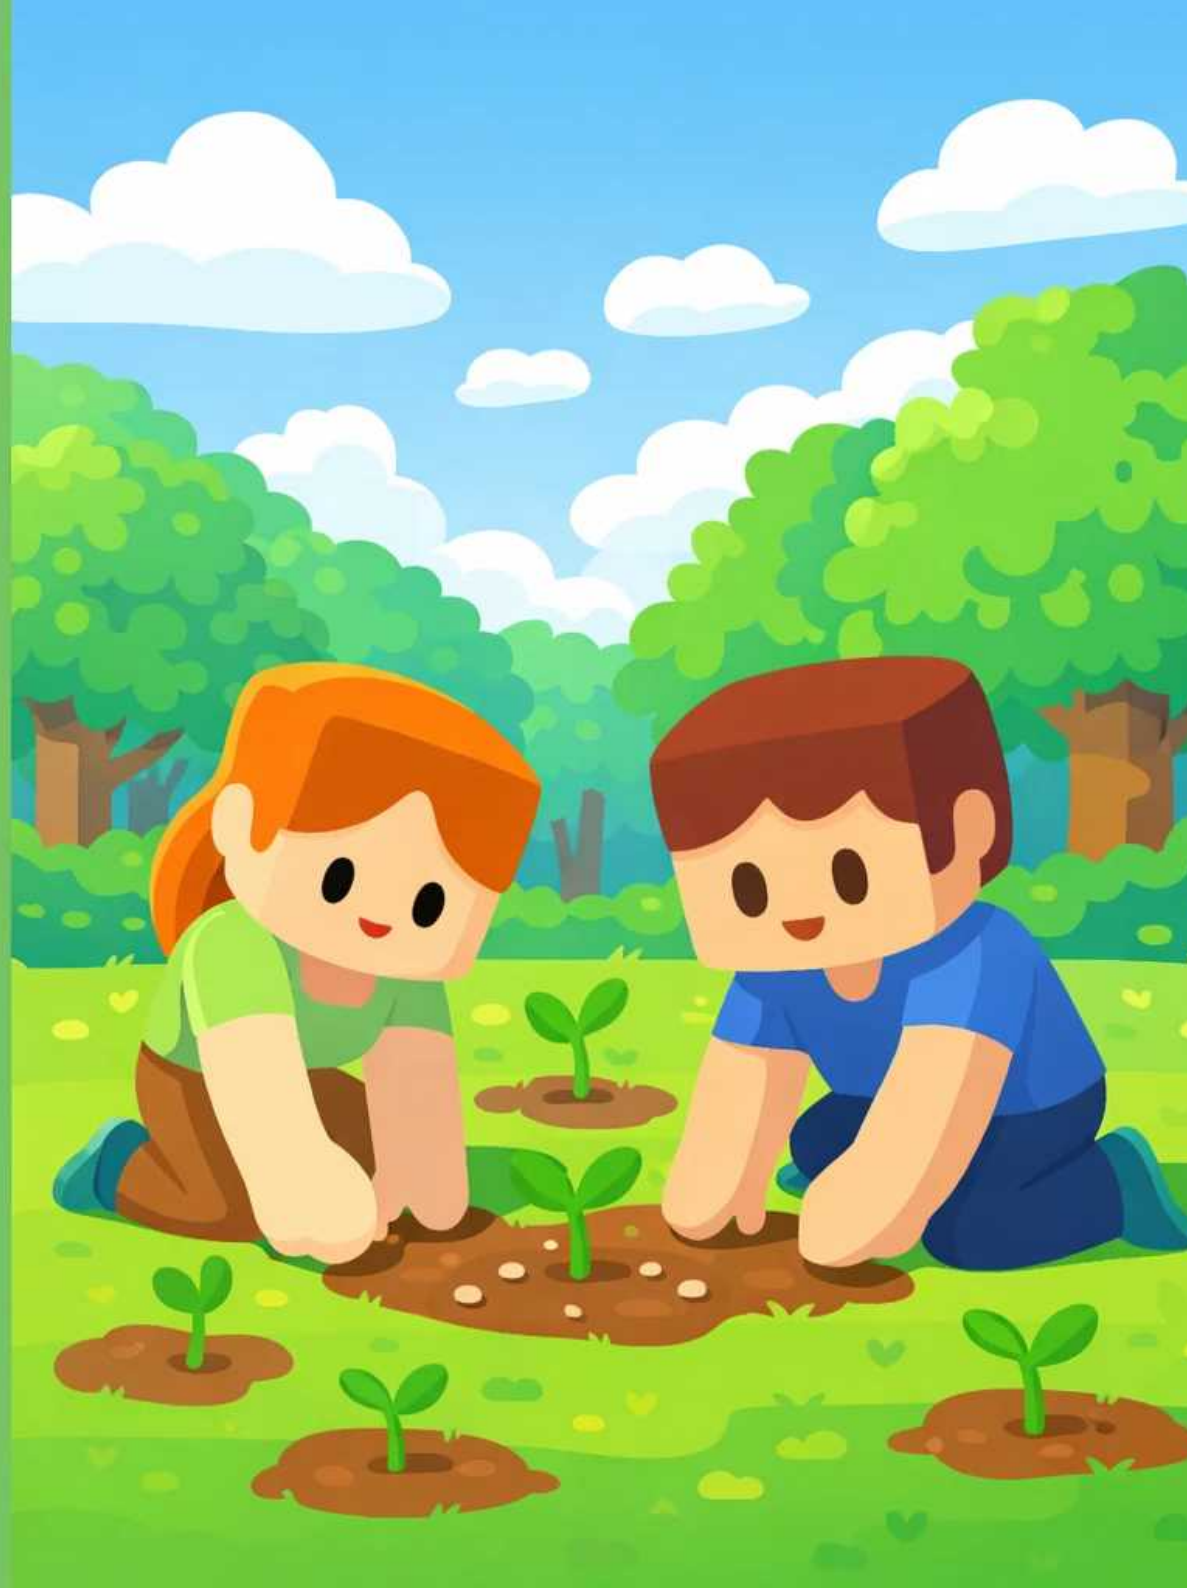

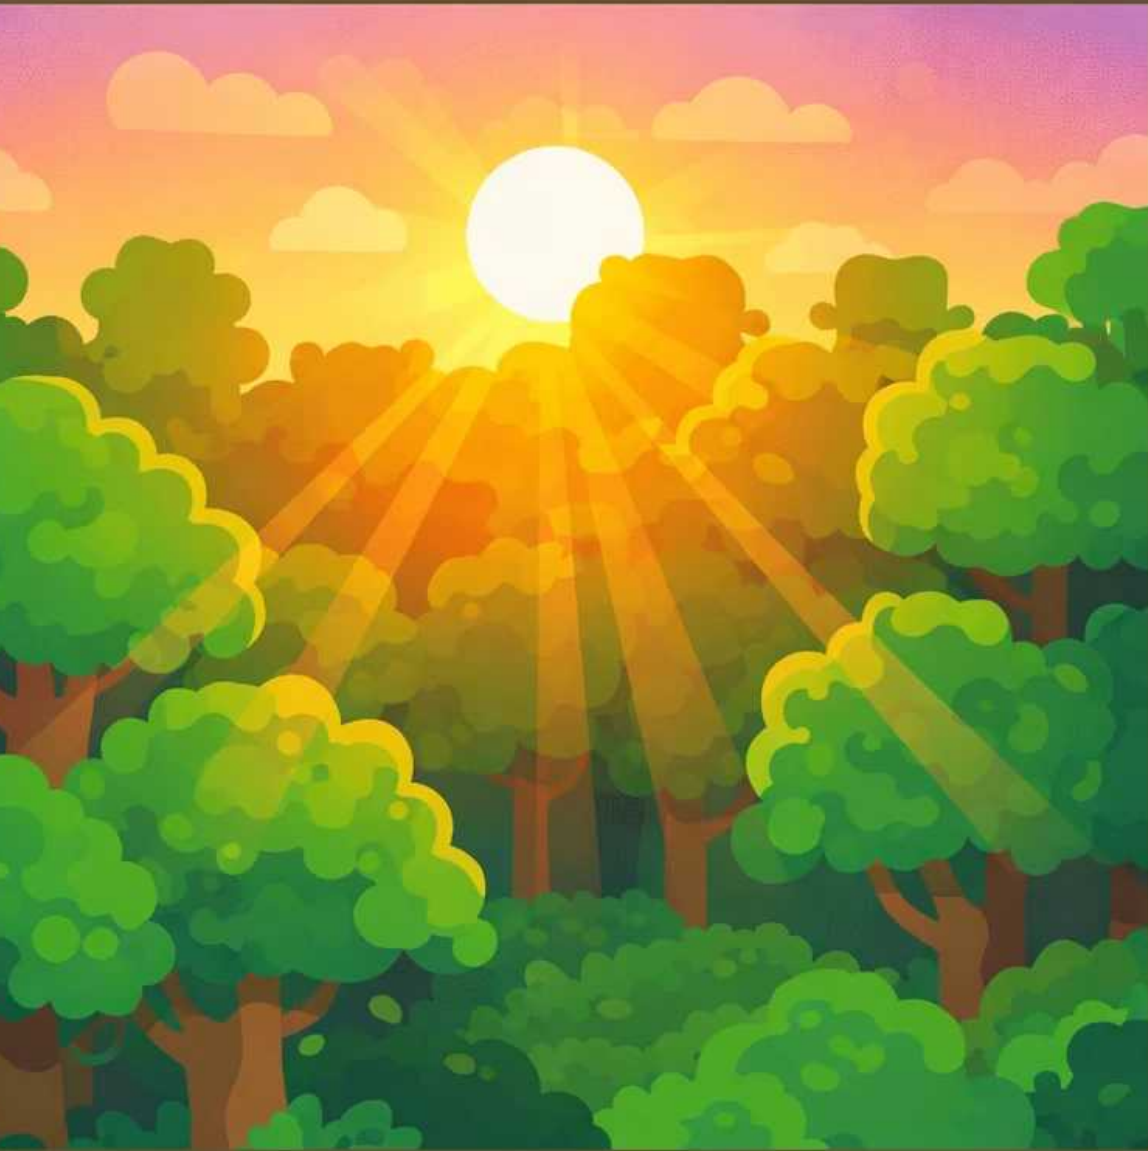

The trees are cut, and the land is all stumps.

The pig and the sheep look lost. It is a big setback for them.

But we can fix this land. We dig, plant, and pack the soil back in. Soon the sprouts get big, and the forest comes back.

Trees keep the land
fresh and green.

The sun sets on
the big lush forest.

If we plant trees,
good luck comes
back to the land.

Thick Forests, Tricky Mobs

A girl chops trees for wood, but thick, dark forests hide dangers, and cutting too much leaves the land bare. Can she pack a sack, stock up, and help the forest come back? Written for Jolly Phonics classrooms (Step 2, Unit 3: ck as in duck), this book practices words like 'stack', 'pack', 'thick', 'flock', 'luck'.

Phonics Focus: <ck>
