

Too Big for a Box

Look at the big
ocean! We jump
in and swim.

We drift next
to the reef,
and it is grand.

A bit of land
juts up from
the deep. It
is a **sandbox**
in the mist.

Six fish flit in
the kelp.

A mob drifts
past the reef,
and the sand
is soft.

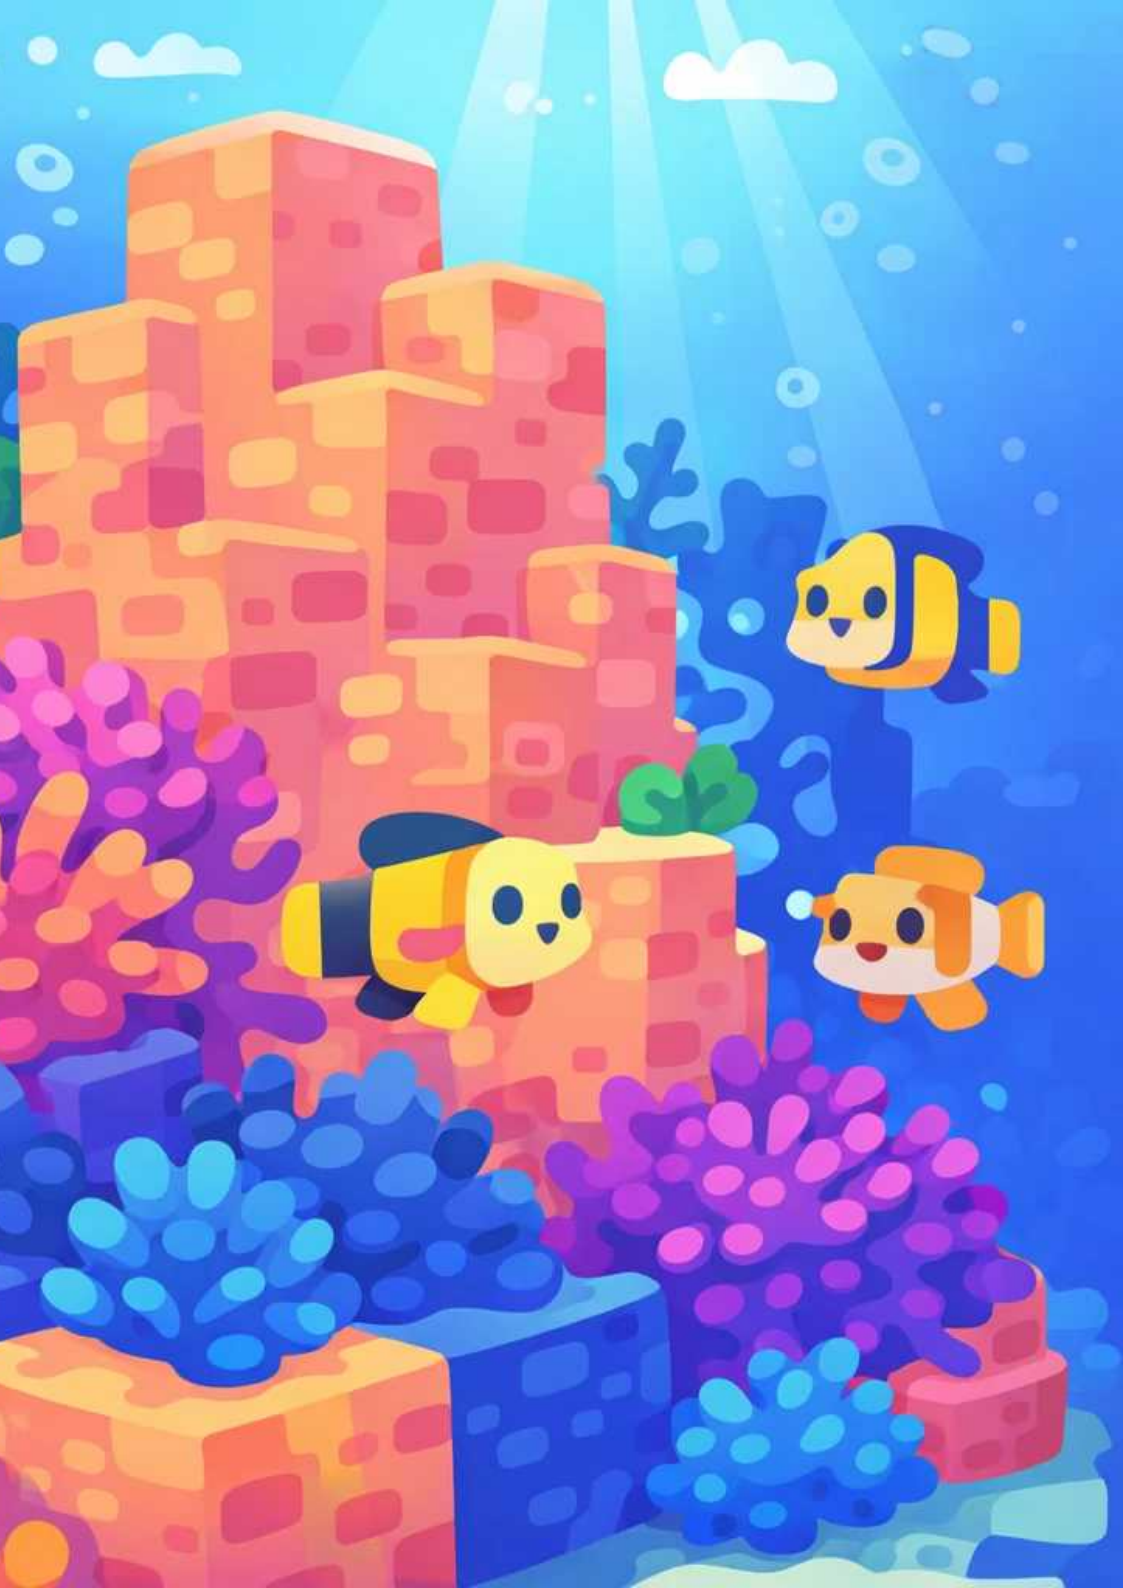

This ocean is
cool and dim.

A cod swims
next to the
rock and mud.

Brr, it is so cool
up top! Big
blocks float and
bob. A fish and
a mob swim **next**
to the blocks.

The reef is a
big **mix** of red
and pink.

Six fish flit
past it in the
sun.

Zap, zap! A
big mob can
zap us. We
do not risk a
swim **next** to
it.

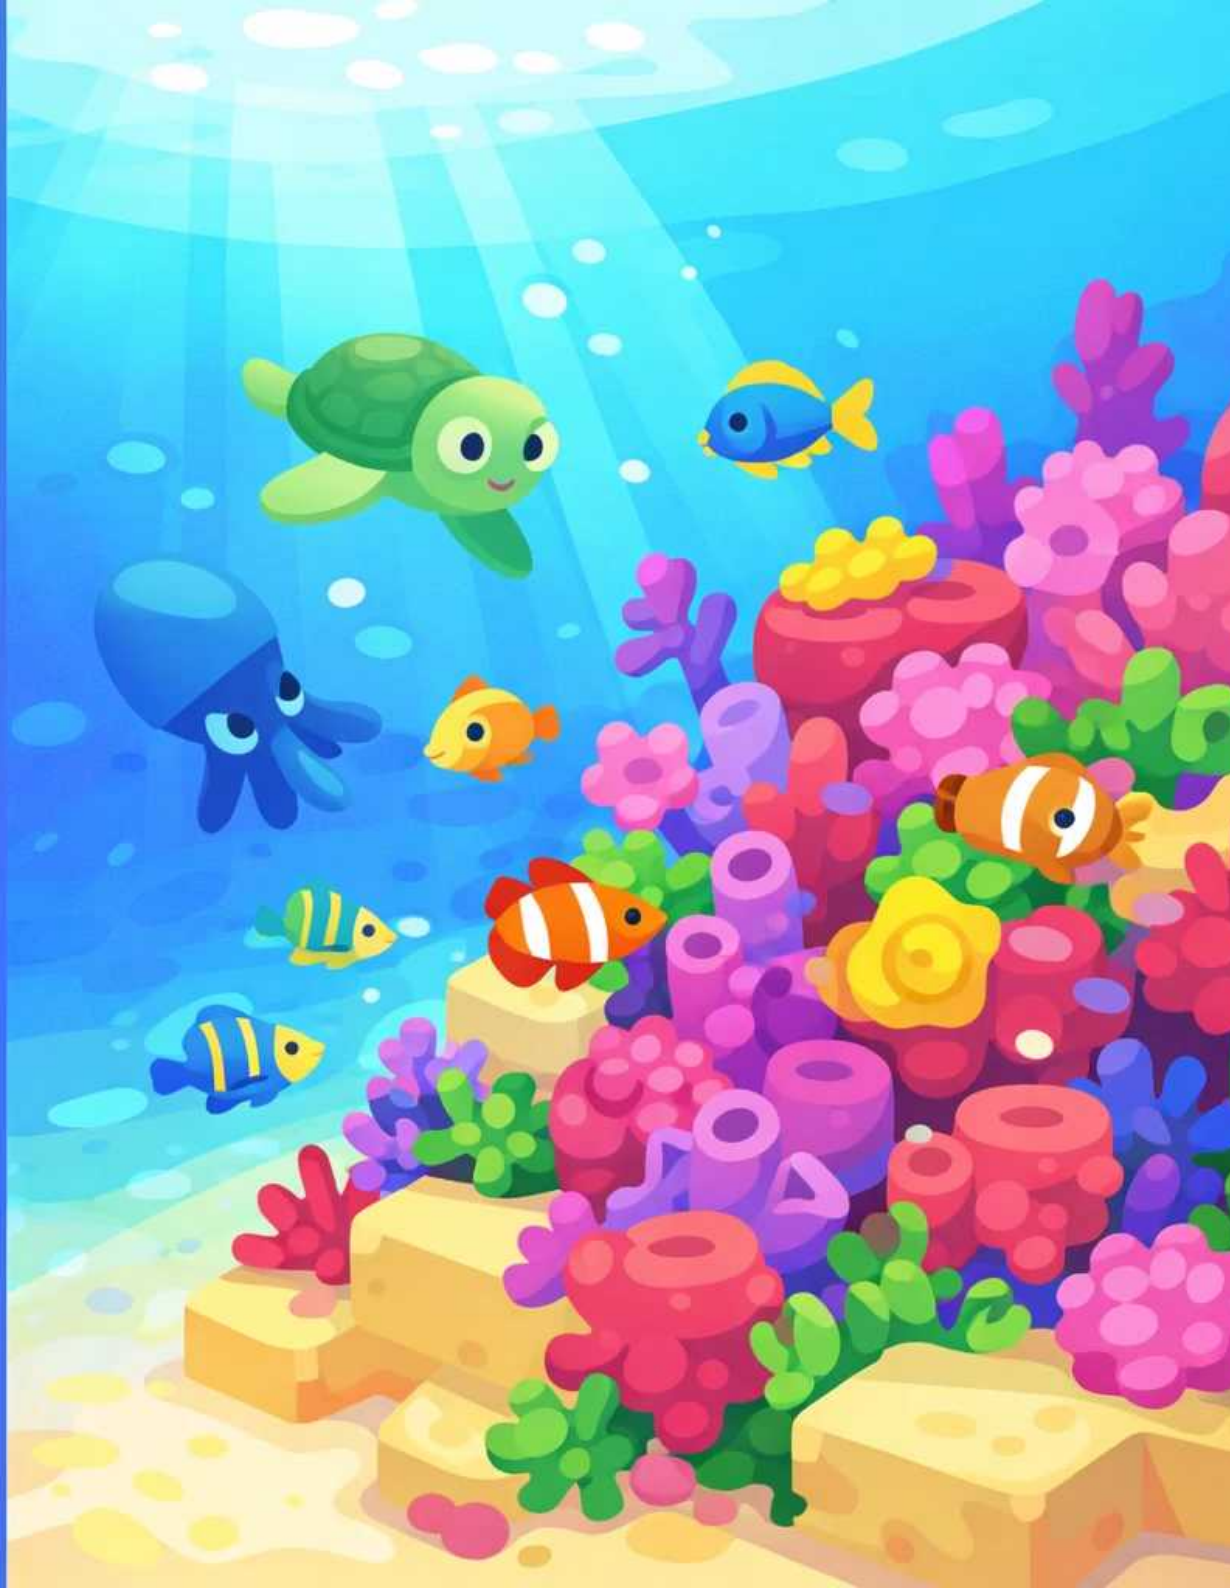

Turtle rests on the soft sand, and a mob naps next to it.

It is good to stop and flex in the sun.

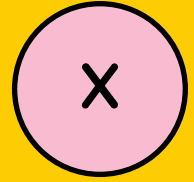

A lot of mobs
swim in the
ocean. Fish and
Turtle mix at
the reef, and a
mob drifts in.

The men see a lot of plastic on the sand. It is bad.

We must fix it and keep the ocean fit.

Too Big for a Box

A player jumps into a huge ocean, drifting past a colorful reef where fish flit through the kelp. Cold water below hides a dim, quiet world, and something with a laser beam is watching from the shadows. When plastic washes up on the sand, will the player help set things right? Written for Jolly Phonics classrooms (Group 6: x /ks/), this book practices words like 'next', 'mix', 'six', 'fix', 'flex'.

Phonics Focus: <x>

fix, flex, mix, next, sandbox, six

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
