

Two Tiny Grins

An Unofficial Minecraft Book

Steve steps into a big cave. It is lush and dim inside. He stops at the edge of a pond. Two little pink pals swim in it. 'What are they?' Steve asks.

One little pal hops on
land. It sits by Steve,
soft and soggy.

It looks up with a big
grin. 'Well,' says
Steve. 'I think Axolotl
picks me. My little
buddy!'

Steve picks up
Axolotl and walks
home. He is kind
and holds it snug.
He sits by his pond.
'Look, buddy! A fresh
home!' But Axolotl
does not look glad.

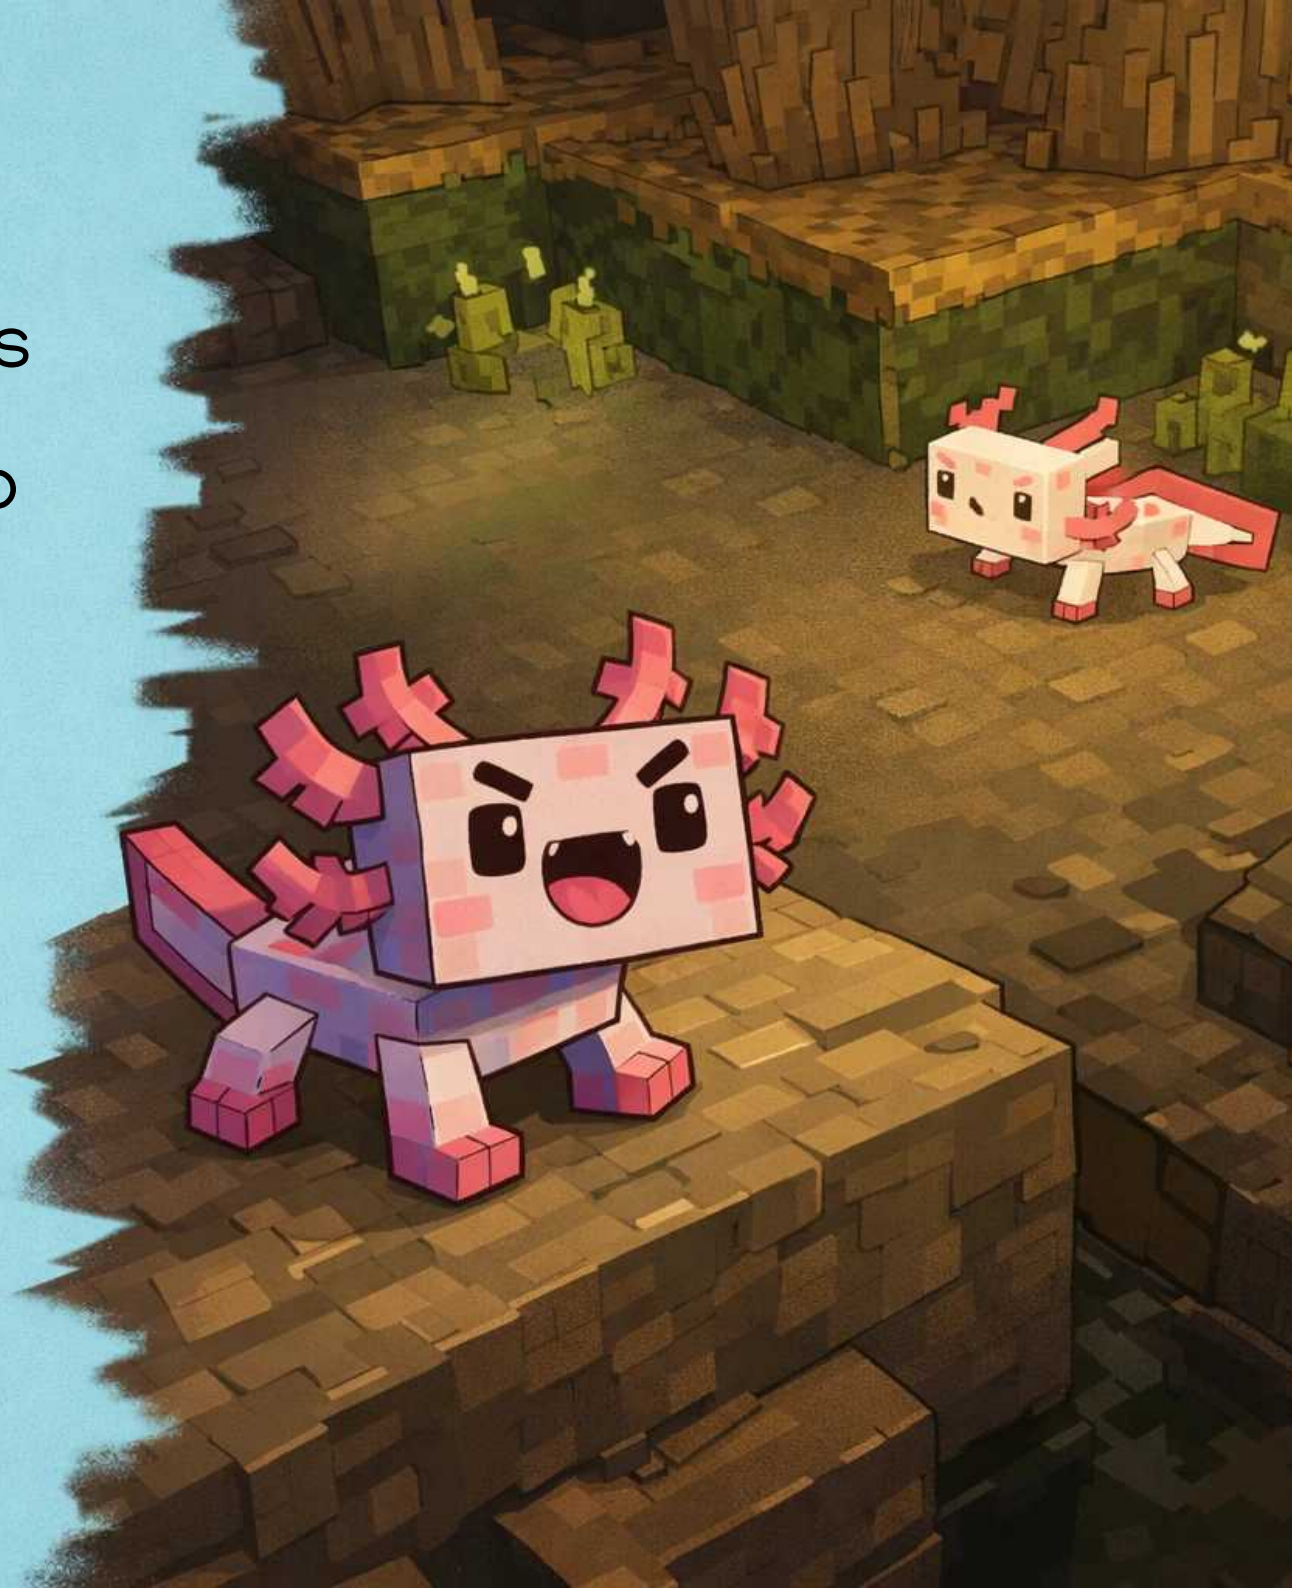

'Fine, fine,' says Steve. 'I can fix it.' He gets moss and packs it on the rocks. He tucks moss in all the cracks.

Axolotl slips in the pond. It has a big grin. 'Yes!' says Steve. 'Axolotl is happy!'

But Axolotl is a lone
pal in the pond. It looks
a **little** sad. So they go
back to the cave.

There on a **ledge**,
Axolotl spots a white
one! Its grin gets so
wide. 'That one?' says
Steve. 'Fine **by** me!'

The two little pals
swim side by side.
They spin and glide
in the sunny pond.
They bump and
huddle and snuggle.
They are so happy. 'I
did that!' says Steve.

Steve gets a fish in a bucket. 'My friends must see this!' he says.

Axolotl pops up just behind him. It has a silly grin. 'Stop that!' says Steve with a smile.

Steve does not go.
The pals splash and
wiggle and flip. He sits
in the grass and looks
at them as they play.
'Fine,' says Steve. 'This
is the best. My happy
little pals!' They all grin.
Steve grins most of all.

Two Tiny Grins

Steve has explored every cave and ocean, seen it all - until he finds a hidden pool with two little creatures grinning up at him. One climbs out and sits at his feet like a soggy little dog. Could this soggy, silly buddy really be picking him? Created to align with the UFLI Foundations scope and sequence (Lesson 76: Ending Patterns Review), this book practices words like 'happy', 'buddy', 'wiggle', 'snuggle', 'soggy'.

Phonics Focus: Ending Patterns Review

behind, buddy, by, edge, happy, hold, huddle, kind, ledge, little, most, my, silly, snuggle, soggy, sunny, wiggle

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
