

Zombie Blots Pop Up

The villagers are
stuck in a dark cave.
It is wet, and it is a
bad, bad spot.

A villager flings up
an arm and yelps
for help. But the
cave is a trap.

Bam! A big Zombie jumps out and grabs a villager. Chomp! It nips him on the arm. Green spots creep on the skin. The villagers get green, and the orbs get blank. This is bad.

A Zombie steps out
in the sun. Flash! It is
hot, hot, hot.

The zombie villagers
hang back in the dim
cave. The sun can
zap a zombie, so the
villagers must not
step out.

Narrator has a plan to help the villagers. He drops bits in the stand, and the green mix froths and drips. This mix must fix the villagers, and the plan must not flop.

Narrator creeps in the dark cave. The zombie villagers crouch on the rock and groan and groan.

He flings the bottles at the villagers. Smash! Splash! The mix drips on the green skin.

Zap! The mix fixes
the villagers. No
green spots! The
villagers grin and grin.
The glad villagers
hand Narrator **gifts**
and carrots. He grins
and packs up the
gifts. Best gift ever!

Zombie Blots Pop Up

Two villagers are stuck in a dark, wet cave, and their calls for help go nowhere. A zombie lunges from the shadows, and green spots creep across a villager's skin. Can anyone fix this bad spot before the sun traps them forever? Written for Jolly Phonics classrooms (Step 2, Unit 2: short vowels), this book practices words like 'bad', 'spot', 'trap', 'hot', and 'zap'.

Phonics Focus: <short> <vowels>

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
